

## Board of Supervisors Adopts Amendments to Local Business Enterprise Ordinance

Supervisor Carmen Chu

On January 26, 2010 the Board of Supervisors unanimously passed legislation amending the Local Business Enterprise Ordinance. The legislation sponsored by Supervisors David Chiu and Carmen Chu in collaboration with the Mayor's office was drafted with the aim of supporting small businesses while accelerating delivery of capital projects. The legislation modifies Chapter 14B by creating advantages for small, local firms too big to participate in the city's local business enterprise program, strengthens the micro-LBE set aside program, and clarifies the application of local business requirements to design-build and integrated project delivery systems.

Supervisor David Chiu
