1 [Public Auction - Tax-Defaulted Real Property]

2
3 **Resolution authorizing Tax Collector to sell at public auction certain parcels of tax-**
4 **defaulted real property.**

5
6 WHEREAS, The San Francisco Tax Collector has complied with all the statutory
7 prerequisites for selling tax-defaulted real property at public auction and each of the parcels of
8 real property listed on the attached List of Tax-Defaulted Property Subject to Impending Tax
9 Sale has been duly entered on the Tax Collector's roll of tax-defaulted real property for longer
10 than 5 years; now, therefore, be it

11 RESOLVED, That the San Francisco Tax Collector is hereby directed to advertise and
12 sell at public auction each of the parcels listed on the attached List of Tax-Defaulted Property
13 Subject to Impending Tax Sale in the manner provided by the California Revenue and
14 Taxation Code in Division I, Part 6, including but not limited to the minimum bid procedures
15 authorized by Section 3698.6 (c); and the Tax Collector is further directed to add the cost of
16 advertisement and sale of the herein described property to the minimum price to be collected
17 from the parcels offered for tax sale; and, be it

18 FURTHER RESOLVED, That the San Francisco Tax Collector is authorized to sell all
19 96 timeshare properties listed on the attached List of Tax-Defaulted Property Subject to
20 Impending Tax Sale below the minimum bid amount, if such timeshare properties cannot first
21 be sold at the minimum bid amount at the proposed sale.

Item 2
File 11-0051

Department:
Treasurer/Tax Collector

EXECUTIVE SUMMARY

Legislative Objective

- The proposed resolution would authorize the Treasurer/Tax Collector to sell 117 tax-defaulted properties located in the City at a public auction, from April 23, 2011 through April 26, 2011.

Key Points

- The Treasurer/Tax Collector has identified 117 properties in which the property owners have defaulted on their Property Tax obligations to the City. Notifications were sent on May 27, 2010 by certified mail to the delinquent property owners advising such owners that their properties are in default and will be sold unless full payment of the Property Taxes is received by the City.
- The 117 properties proposed for sale at a public auction include 96 timeshare units, 5 condominiums, 1 vacant lot, 8 single family homes, 1 commercial retail store, 2 duplexes, 3 apartment buildings, and 1 hotel. The Treasurer/Tax Collector has set a minimum bid amount for each property, as shown in the Attachment, as provided by the Treasurer/Tax Collector.

Fiscal Impact

- The proposed sale at public auction of all 117 properties at the minimum bid amounts, as shown in the Attachment to this report, would generate total sale proceeds of \$1,129,671, including \$781,928 to the City's General Fund.
- If any of the subject properties are sold for more than the minimum bid, the amount that exceeds the minimum bid would be paid to the property owner or to any person who has a legal right to claim excess proceeds from the sale of the properties.

Policy Consideration

- Because the Treasurer/Tax Collector (1) anticipates difficulty selling 51 of the 96 timeshare properties, which have six years of delinquent Property Taxes and accrued interest, and (2) may lower the minimum bid amounts on the remaining 45 timeshares (96 total timeshares offered less 51 timeshares with six years of default) if those remaining 45 timeshares cannot be sold at their minimum bid amounts, the Treasurer/Tax Collector requests an amendment to the proposed resolution to authorize the Treasurer/Tax Collector to sell all 96 timeshare properties below the minimum bid if such timeshares cannot be first sold at the minimum bid amounts.
- If the proposed amendment is approved, the principal amount on the delinquent Property Taxes, late penalties, and associated fees and costs would remain unaffected. However the interest on the delinquent Property Taxes would be lowered to determine the reduced minimum bid amounts on the 96 timeshare properties. If such timeshare properties still cannot be sold at the reduced minimum bid amount, then the Treasurer/Tax Collector will continue to hold such properties until the next public sale, with Property Taxes and interest continuing to accrue. Mr. Nguyen states that the proposed amendment would (1) facilitate the sale of these tax-defaulted timeshares, (2) expedite the collection of delinquent Property Taxes, and (3) return the tax-defaulted timeshares such that

the City would be able to collect Property Taxes from the new owners.

Recommendations

- Approve the proposed resolution.
- Because (a) the number of tax-defaulted timeshare properties that would be affected by the requested amendment is unknown until the proposed sales are conducted and (b) the reductions in the minimum bid amounts would decrease the revenue which accrues to the City's General Fund by an unknown amount until the proposed sales are conducted, approval of the proposed amendment to authorize the Treasurer/Tax Collector to sell tax-defaulted timeshares at below the minimum bid amount, if these timeshares cannot be first sold at their minimum bid amounts at the proposed public auction, is a policy matter for the Board of Supervisors.

MANDATE STATEMENT / BACKGROUND**Mandate Statement**

In accordance with California Revenue and Taxation Code, Division I, Part 6, Section 3694, the sale of tax-defaulted property by local Treasurer/Tax Collectors can take place only with the approval by the Board of Supervisors.

Background

According to California State law, a property owner is considered to be in default if the property owner does not pay Property Taxes in any one year. The property owner then has five years to either (a) repay the defaulted Property Tax amount in full or (b) apply to the Treasurer/Tax Collector for an installment payment plan to pay the defaulted Property Tax amount over a five-year period. State law authorizes the local Treasurer/Tax Collector to sell the defaulted property through a public auction either (i) if the defaulted Property Taxes are not repaid in full within five years from the date that the Property Taxes were determined to be in default, (ii) if the property owner has not initiated an installment plan with the Treasurer/Tax Collector, or (iii) if the property owner has subsequently defaulted on an installment plan.

According to Mr. Francis Nguyen, Director of Property Tax and Licensing for the Treasurer/Tax Collector, if the Board of Supervisors approves the proposed resolution, in accordance with State law, the State Controller's Office must also authorize the proposed public auction. Subsequent to receiving approval from the State Controller's Office and prior to the sale date, the Treasurer/Tax Collector must (1) attempt to locate all lien holders¹ or parties of interest, (2) mail notices to each party's last known address by registered or certified mail, (3) for most properties², attempt to contact the owner in person, in addition to mailing notices, to notify him or her that the property is in default and will be sold at a public auction if full payment of the delinquent Property Taxes is not received, (4) notify the Federal Internal Revenue Service (IRS) if any of the properties for public auction has an IRS lien on it, and (5) advertise in the City's official newspaper once a week for three consecutive weeks. The advertisements in the City's official newspaper would contain the time and date of the auction, instructions on how to obtain the list of the properties to be auctioned, and each property's minimum bid.

Mr. Nguyen states that the minimum bid for each property is set based on the sum of: (a) a fee of \$135 per property paid by the Treasurer/Tax Collector to advertise the public auction and the vendor (www.Bid4Assets.com) conducting the public auction, (b) a fee of \$1.50 per property paid to the State for technical consultation³, (c) a fee of \$150 per property paid to the City which covers the Treasurer/Tax Collector's cost to administer the public auction, (d) a fee of \$165 per property paid by the Treasurer/Tax Collector to (1) conduct a title search to locate lien

¹ Lien holders are persons who have a legal claim on the property in order to assure payment of a debt owed to the lien holder.

² Mr. Nguyen states that the Treasurer/Tax Collector staff does not make site visits to owners of timeshares because most are out-of-state owners.

³ Mr. Nguyen states that the Treasurer/Tax Collector pays a fee of \$1.50 per property to the State Controller's Office for the Treasurer/Tax Collector to consult with an analyst from the State Controller's Office on issues related to the public auction sale.

holders and property owners, and (2) cover the costs of publishing a legal notice in the newspaper for three consecutive weeks, (e) a fee of \$35 paid by the Treasurer/Tax Collector to notify lien holders and property owners (1) of their right to repay delinquent Property Taxes, including all associated fees and costs, until the day prior to the impending sale and (2) the date, time, and location of the impending sale, by certified mail, (f) the amount of delinquent taxes owed on the property, (g) delinquent penalty fees on unpaid Property Taxes at a rate of ten percent of the total amount of Property Taxes due, (h) interest accrued since the property defaulted at a rate of 18 percent per year, and (i) a \$15 per property redemption fee of which \$5 is paid to the State and \$10 paid to the City to remove the lien on the defaulted property.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would authorize the Treasurer/Tax Collector to sell 117 tax-defaulted properties located in the City through a public auction from April 23, 2011 through April 26, 2011. The Treasurer/Tax Collector has listed the minimum bid amounts, as shown in the Attachment provided by the Treasurer/Tax Collector to this report, for each of the 117 properties, totaling \$1,129,671. The total minimum bid amounts for all of the 117 tax-defaulted properties is \$1,129,671.

The proposed sale will take place over the Internet⁴ at www.Bid4Assets.com, which also conducted the last public sale of tax-defaulted properties in San Francisco from April 25, 2009 through April 28, 2009. In accordance with State law, the properties must be sold to the highest bidder.

Mr. Nguyen advises that notices were sent by certified mail to the delinquent property owners on May 27, 2010, notifying such property owners of the public auction. As shown in the Attachment, the 117 properties proposed for sale include 96 timeshare units, 5 condominiums, 1 vacant lot, 8 single family homes, 1 commercial retail store, 2 duplexes, 3 apartment buildings, and 1 hotel.

Mr. Nguyen reports that property owners may repay their delinquent Property Taxes to the City in full, including Treasurer/Tax Collector's costs, fees, and any penalties and interest, up to the close of business on the day prior to the date of the proposed public auction. Any property whose delinquent Property Taxes are paid in full prior to the close of business on the day prior to the proposed public auction would not be subject to sale under the proposed auction. Therefore, the number of properties actually subject to sale at the proposed public auction may be less than the 117 properties listed in the Attachment.

⁴ Mr. Nguyen advises that some of the benefits of conducting a public auction over the Internet include: (1) reduced staff time spent on conducting property sales, (2) more effective marketing that attracts potential buyers from outside California, (3) increased revenues by returning a greater number of tax-defaulted properties to tax generating status, (4) a greater incentive for delinquent property owners to pay their Property Taxes, and (5) greater government transparency and accessibility.

FISCAL IMPACT

The proposed sale of all 117 properties at public auction at the minimum bid amounts, as listed in the Attachment, would generate a total of \$1,129,671. Table 1 below details how the sale proceeds would be distributed to the City's General Fund, various tax districts, and the State.

Table 1: Distribution of the Total Sale Proceeds from the Last Public Sale and the Proposed Public Sale of Tax-Defaulted Properties

	Actual Distributions of the Total Sale Proceeds from the Last Public Auction Sale, April 25, 2009 through April 28, 2009	Estimated Distributions of the Total Sale Proceeds from the Proposed Public Auction Sale, April 23, 2011 through April 26, 2011
City's General Fund*	\$ 424,095	\$ 781,928
San Francisco Community College District**	33,100	58,495
San Francisco Unified School District**	138,610	243,827
Bay Area Air Quality Management District**	911	1,617
Bay Area Rapid Transit District**	6,489	9,017
Special Assessment Districts	19,296	34,041
State Controller's Office***	216	746
Total Sale Proceeds	\$ 622,717	\$ 1,129,671

* The amount which accrues to the City's General Fund includes (1) a portion of the delinquent Property Taxes, (2) the Treasurer/Tax Collector's publication, administration, notice, and advertisement costs for the proposed sale, (3) interest accrued on the delinquent Property Taxes, and (4) penalties assessed on the tax-defaulted property.

** Mr. Roberto Mercado, Principal Administrative Analyst at the Controller's Office, states that the Controller's Office uses the prior year's Property Tax rates to determine the distributions of the delinquent Property Taxes to the City's General Fund and to the tax districts, listed in Table 1 above.

*** Mr. Nguyen states that the Treasurer/Tax Collector pays a total of \$6.50 per property to the State Controller's Office (a) for the Treasurer/Tax Collector to consult with an analyst from the State Controller's Office on an issue related to the public auction sale and (b) for the State Controller's Office to remove the lien on the defaulted property.

As shown in Table 1 above, an estimated \$781,928 would accrue to the City's General Fund, if all 117 properties are sold at the minimum bid amounts at the proposed public auction sales. Mr. Nguyen states that if any of the subject properties are sold for more than the minimum bid amount, the amount that exceeds the minimum bid would be paid to the property owner or to any person who has a legal right to claim excess proceeds from the sale.

The Treasurer/Tax Collector conducted the last public sale in San Francisco from April 25, 2009 through April 28, 2009, which was previously approved by the Board of Supervisors on February 10, 2009 (File 09-0042). Mr. Nguyen states that of the 56 tax-defaulted properties offered at that public sale, 1 property was sold, 34 properties were paid off before the sale, 9 properties were removed due to bankruptcies or probate⁵, and 12 properties were not sold. As shown in Table 1 above, the last public auction sales generated total sale proceeds of \$622,717⁶, of which

⁵ Probate is the process by which the property of a deceased owner changes ownership.

⁶ Mr. Nguyen states that the Treasurer/Tax Collector includes all delinquent Property Taxes paid in full prior to the sale in determining the total sale proceeds.

\$424,095 accrued to the City's General Fund, \$198,406 accrued to various tax districts, and \$216 was paid to the State Controller's Office.

The Treasurer/Tax Collector's publication, notice, official advertising, and administration expenditures for the proposed sale were previously appropriated by the Board of Supervisors in the Treasurer/Tax Collector's FY 2010-2011 budget.

POLICY CONSIDERATION

Mr. Nguyen states that of the 96 timeshare properties offered at the proposed sale, 51 timeshare properties are delinquent in their Property Taxes owed to the City for six years⁷. Mr. Nguyen advises that these 51 timeshare properties, with six years of delinquent Property Taxes and accrued interest at 18 percent per year, have a higher minimum bid amount than the other timeshare properties with only five years of delinquent Property Taxes and accrued interest. As a result, the Treasurer/Tax Collector anticipates having greater difficulty selling these 51 timeshare properties.

In addition, Mr. Nguyen advises that the Treasurer/Tax Collector may consider reducing the minimum bid amounts on the remaining 45 timeshares (96 total timeshares offered less 51 timeshares with six years of default) if some of those 45 timeshares cannot be first sold at the minimum bid amounts. Therefore, Mr. Nguyen states that in order to (1) facilitate the sale of tax-defaulted timeshare properties, (2) expedite the collection of delinquent Property Taxes, and (3) return the tax-defaulted timeshare properties such that the City would be able to collect Property Taxes from the new owners, the Treasurer/Tax Collector requests an amendment to the proposed resolution to authorize the Treasurer/Tax Collector to sell all 96 timeshare properties below the minimum bid amount, if such timeshare properties cannot be first sold at the minimum bid amount at the proposed sale.

The Budget and Legislative Analyst notes that if the proposed amendment is approved, the Treasurer/Tax Collector would, for the first time, have the authority to sell timeshare properties below the minimum bid amount. In previous public sales, the Treasurer/Tax Collector held on to any unsold properties until the next public sale, with such properties accruing interest and delinquent Property Taxes.

According to Mr. Nguyen, the Treasurer/Tax Collector, in consultation with local escrow companies, determines the market price of comparable timeshares in the area over the past six months and then lowers only the interest on the delinquent Property Taxes to determine the reduced minimum bid amount. Mr. Nguyen states that the principal amount on the delinquent Property Taxes, late penalties, and associated fees and costs would remain unaffected. If the reduced minimum bid amount has been reduced such that no interest is included and the property still cannot be sold, then the Treasurer/Tax Collector will continue to hold such property until the next public sale, with Property Taxes and interest continuing to accrue.

⁷ Mr. Nguyen states that a public sale was not conducted in 2010 because the Treasurer/Tax Collector had insufficient staff to prepare and conduct the public sale. Therefore, tax-defaulted properties that would have been offered for public sale in 2010 are being offered in the proposed sale.

However, because (1) the number of tax-defaulted timeshares that would be affected by the proposed amendment is unknown until the proposed sale is conducted and (2) the reductions in the minimum bid amounts would decrease the revenue deposited in the City's General Fund by an amount unknown until the proposed sale is conducted, the Budget and Legislative Analyst considers the amendment to the proposed resolution now being reported by the Treasurer/Tax Collector to be a policy matter for the Board of Supervisors.

RECOMMENDATIONS

1. Approve the proposed resolution.

2.B Because (a) the number of tax-defaulted timeshare properties that would be affected by the requested amendment is unknown until the proposed sales are conducted and (b) the reductions in the minimum bid amounts would decrease the revenue which accrues to the City's General Fund by an unknown amount until the proposed sales are conducted, approval of the proposed amendment to authorize the Treasurer/Tax Collector to sell tax-defaulted timeshares at below the minimum bid amount, if these timeshares cannot be first sold at their minimum bid amounts at the proposed public auction, is a policy matter for the Board of Supervisors.

AUTHORIZATION AND REPORT OF SALES

With approval of the Board of Supervisors, by resolution _____ dated _____, the property listed below was offered for sale at public auction, from April 23, 2011 to April 26, 2011, and was disposed of as follows:

Item	APN	Default No Year Def. Property	Adv Cost	Sales		Fees		Publication Cost	Notice Cost	Redemption Amount	Current Taxes	Deed Issued To: Date of Deed (if not sold, give reason)

RE: Resolution Authorizing Tax Collector to Sell at Public
Auction Certain Parcels of Tax-Defaulted Real Property

Dear Ms. Calvillo:

California Revenue and Taxation Code Section 3694 requires written authorization by the Board of Supervisors before the Tax Collector can proceed to sell tax-defaulted real estate parcels at public auction. In order to comply with the statutory requirements, I have prepared the attached resolution and list of tax-defaulted real properties, which I am requesting you to assign to the appropriate committee for hearing. Please advise me of the date and time of the committee hearing to enable me to send a representative who will answer any questions the supervisors may have. Because the tax sale process involves multiple inter-related time sensitive procedures, I am requesting you to introduce this resolution to the appropriate committee at the earliest opportunity.

Thank you for your assistance in this matter.

Respectfully Yours,

MEMORANDUM

TO: Budget Analyst
Board of Supervisors

FROM: George W. Putris 
Tax Administrator

RE: Public Auction Sale of Tax-Defaulted Properties

In the event that any specific parcel cannot be sold at the minimum bid, the tax collector, with the approval of the board of supervisors, may offer the parcels at less than the required minimum selling price. Section 3698.5(c) of the California Revenue and Taxation Code allows the tax collector to set the minimum price that he or she deems appropriate in light of the unique circumstance with respect to that property. This option is sometimes exercised when it is apparent that the market value of a parcel is substantially less than the sum of the standard minimum bid amount.

The reduced amount is determined based on the sale price of other comparable properties. The purpose for offering tax-defaulted property at public auction is to collect the unpaid taxes and to convey the property to a responsible owner.

If you have any questions regarding this issue, please contact Mr. Francis T. Nguyen, Property Taxes & Licensing Manager, at (415) 554-4448.

AUTHORIZATION AND REPORT OF SALES
