13 where it delegates such decisions to Departmental staff under the provisions of Section 1006.2 above.
14 The decision of the ~~Planning Commission~~HPC shall be rendered within 30 days from the date of

12 described in Section ~~1006.8~~1006.7, no application, the same or substantially the same as that
13 which was disapproved, shall be resubmitted to or reconsidered by the ~~Planning~~
14 ~~Commission~~HPC within a period of one year from the effective date of final action upon the

6 not less than 30 days prior to the expiration of the original 180-day period.

7 (c) If the application proposes removal or demolition of a structure in a designated
8 historic district, other than on a designated landmark site, the ~~Planning Commission~~HPC may
9 disapprove or approve the application, or may suspend action on it for a period not to exceed
10 90 days, subject to extension by the Board of Supervisors as provided in the preceding
11 subsection; provided, however, that the designating ordinance for the historic district may
12 authorize the suspension of action for an alternate period which shall in no event exceed 90
13 days, without extension, and in such event the provision of the designating ordinance shall

BOARD OF SUPERVISORS

1 body shall be guided by the standards in this Section in their review of applications for
2 Certificates of Appropriateness for proposed work on a landmark site or in a historic district. In
3 appraising the effects and relationships mentioned herein, the ~~Planning Commission, the~~
4 ~~Department and the Advisory Board~~ decisionmaking body shall in all cases consider the factors of
5 architectural style, design, arrangement, texture, materials, color, and any other pertinent
6 factors.

7 (a) The proposed work shall be appropriate for and consistent with the effectuation
8 of the purposes of this Article 10.

9 (b) The proposed work shall comply with the Secretary of the Interior's Standards for the
10 Treatment of Historic Properties for individual landmarks and contributors within historic districts, as
11 well as any applicable guidelines, local interpretations, bulletins, or other policies. Development of
12 local interpretations and guidelines based on the Secretary of the Interior's Standards shall be led by
13 the Planning Department through a public participation process; such local interpretations and
14 guidelines shall be found in conformance with the General Plan and Planning Code by the Planning
15 Commission and shall be adopted by both the HPC and the Planning Commission. If either body fails
16 to act on any such local interpretation or guideline within 180 days of either body's initial hearing
17 where the matter was considered for approval, such failure to act shall constitute approval by that
18 body. In the case of any apparent inconsistency among the requirements of this Section, compliance
19 with the requirements of the designating ordinance shall prevail.

20 (b)(c) For applications pertaining to landmark sites, the proposed work shall preserve,

1 its site, as viewed both in themselves and in their setting, nor of the historic district in
2 applicable cases.

3 ~~(e)~~(d) For applications pertaining to property in historic districts, other than on a
4 designated landmark site, any new construction, addition or exterior change shall be
5 compatible with the character of the historic district as described in the designating ordinance;
6 and, in any exterior change, reasonable efforts shall be made to preserve, enhance or restore,
7 and not to damage or destroy, the exterior architectural features of the subject property which
8 are compatible with the character of the historic district. Notwithstanding the foregoing, for any
9 exterior change where the subject property is not already compatible with the character of the
10 historic district, reasonable efforts shall be made to produce compatibility, and in no event
11 shall there be a greater deviation from compatibility. Where the required compatibility exists,
12 the application for a Certificate of Appropriateness shall be approved.

13 ~~(d)~~(e) For applications pertaining to all property in historic districts, the proposed work
14 shall also conform to such further standards as may be embodied in the ordinance
15 designating the historic district.

16 ~~(e)~~(f) For applications pertaining to the addition of murals on a landmark or
17 contributory structure in a historic district, the ~~Advisory Board and the Planning Commission~~HPC
18 shall consider only the placement, size and location of the mural, to determine whether the

LEGISLATIVE DIGEST

[Planning Code - Article 10, Landmarks Preservation]

Ordinance amending the San Francisco Planning Code, Article 10, entitled "Preservation of Historical Architectural and Aesthetic Landmarks," in its entirety; and making findings, including environmental findings and findings of consistency with the General Plan and Planning Code Section 101.1(b).

Existing Law

Article 10 of the Planning Code, entitled "Preservation of Historical Architectural and Aesthetic Landmarks," sets forth the requirements, procedures, and standards for designating and approving alterations and additions to and demolition of locally designated landmarks and historic districts. Article 10 establishes the various roles of the Landmarks Preservation Advisory Board (LPAB), the Planning Commission, and the Board of Supervisors, as well as the Planning Department, with regard to City-designated landmarks and historic districts. In addition to designating many individual landmarks, Article 10 includes designation of 12 local historic districts.

Once a property has been designated, either individually or as a property within a historic district, the procedures set forth in Article 10 apply to applications for permits to alter, add an addition to, or demolish designated properties, generally requiring a Certificate of Appropriateness be approved by the Planning Department or Planning Commission, with the advice of the LPAB, for such work. Article 10 includes noticing and public hearing procedures, and specific requirements for work to publicly owned structures, including City Hall.

Amendments to Current Law

The proposed ordinance would comprehensively amend Article 10 to remove reference to the former LPAB, remove most references to the Planning Commission, and add appropriate reference to the Historic Preservation Commission (HPC) to reflect that the LPAB no longer exists and that Charter Section 4.135 delegates all of the LPAB's and much of the Planning Commission's former responsibilities to the HPC.

The proposed ordinance would also make a number of changes to the procedures for designating City landmarks and historic districts and for approving Certificates of Appropriateness for designated properties, including, among others, the following:

- Only the Board of Supervisors or the HPC may initiate designation of a landmark or historic district. Under the current Code, these bodies, as well as the Planning Commission and the Art Commission may do so. (See new Section 1004.1(b).)
- The Planning Department must conduct certain types of outreach to any area proposed to be designated as a new historic district, and the property owners' opinion on the proposed designation shall be considered by the Board of Supervisors in its decision on whether to designate the district. (See new Section 1004.3.)
- The Planning Department may approve "Administrative Certificates of Appropriateness" for work to designated landmarks or properties within historic district where the work proposed is considered a "Minor Alteration," as defined by the HPC. Such work would not require the approval of the HPC unless the Department's decision is appealed to the HPC. (See new Section 1006.2.)
- In order to receive a Certificate of Appropriateness for work to a designated landmark or a contributor to a historic district, the work must comply with the *Secretary of the Interior's Standards for Treatment of Historic Properties* ("Secretary's Standards"). The Planning Department will develop local interpretations and guidelines based on the Secretary's Standards, which interpretations and guidelines shall be adopted by both the HPC and the Planning Commission. (See new Section 1006.6(b).)
- For property within a historic district in certain zoning districts, compliance with the standards for review of Certificates of Appropriateness, including the Secretary's Standards, shall not be required when it would result in a significant economic hardship, subject to certain conditions. (See new Section 1006.6(g).)
- For residential properties within a historic district that are providing government subsidized for-sale or rental housing, compliance with the standards for review of Certificates of Appropriateness, including the Secretary's Standards, shall not be required subject to certain conditions. (See new Section 1006.6(h).)
- Publicly-owned properties designated as landmarks or historic districts under Article 10 and subject to the permit review procedures of the City shall comply with the Certificate of Appropriateness procedures. (See Section 1010.)
- Once landmark or historic district designation has been initiated by the Board of Supervisors or the HPC, no permit for work to such property may be approved for 180 days or until the designation is approved or denied, whichever comes first, unless the project receives a Certificate of Appropriateness. (See Section 1014.)

Background Information

Article 10 has not been amended since the voter-approved passage of San Francisco Charter Section 4.135 in November of 2008, which abolished the LPAB, created the HPC, and removed the Planning Commission and Department from much of their prior roles in approving landmark and historic district designations and approving Certificates of Appropriateness. Because the LPAB ceased to exist on December 31, 2008, the Code has been interpreted since then as referring to the HPC whenever the LPAB is mentioned.

Re: Transmittal of Planning Department Case Number 2011.0167T:
Planning Commission Recommendations Regarding Articles 10 and 11 of the
Planning Code

BOS File No: 120300 (pending)
Planning Commission Recommendation: Approval

Dear Ms. Calvillo,

Attached are recommendations made by the Planning Commission to the Board of Supervisors regarding proposed amendments to Articles 10 and 11 of the Planning Code.

On July 8, 2010 the San Francisco Planning Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the initiation of a proposed Ordinance. As originally proposed, this ordinance was a Planning Code "Clean Up" amendment proposed by Department Staff.

At the request of the Planning Commission, the portions of the proposed amendment that dealt with Articles 10 and 11 were severed; the Planning Commission asked the Historic Preservation Commission (HPC) to review the amendments to Articles 10 and 11 and to provide a recommendation to both the Planning Commission and to the Board of Supervisors. This request was made pursuant to Charter Section 4.135, which states that any proposed ordinance concerning historic preservation must be submitted to the HPC for its review and recommendation to the Board of Supervisors.

The Planning Commission conducted duly noticed public hearings to consider adopting the amendments, as well as further modifications recommended by Supervisor Wiener on August 5, 2010, October 27, 2011, and February 2, 2012.

The proposed Ordinance initiated by the Planning Commission would significantly amend Articles 10 and 11 of the Planning Code (hereafter referred to as "Code") in order to conform to Charter Section 4.135, which established the Historic Preservation Commission. The proposed Ordinance would replace all references to the former Landmarks Preservation Advisory Board (LPAB) with the Historic Preservation Commission, would amend procedures such as noticing,

recommendations to the Board of Supervisors, and landmark and landmark district designation processes, as well as re-classification of buildings subject to Article 11. Below is a summary of the primary topics proposed for amendment, which includes:

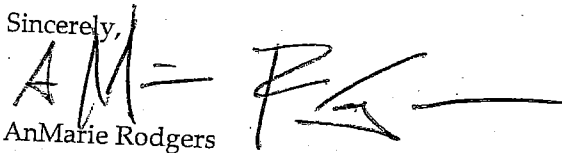

- Designations, review of applications, scheduling and notice, appeals, and applicability;
- Economic hardship and fee waivers for Certificates of Appropriateness;
- Community input for historic district designations;
- Local interpretations of the *Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties*.

The full extent of the proposed changes is included in the attached proposed Ordinances for Articles 10 and 11.

The proposed changes have been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15060(c).

At the February 2 hearing, the Commission voted to recommend approval of the proposed Ordinance. Please find attached documents relating to the Commission's action. If you have any questions or require further information please do not hesitate to contact me.

Sincerely,

AnMarie Rodgers

MOVED, that the Planning Commission hereby recommends that the Board of Supervisors *approve* the proposed Ordinance for Article 10 and the Ordinance for Article 11 detailed in the drafts dated March 21, 2012.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. This Historic Preservation Commission was created in the fall of 2008 when the voters passed amendments to the San Francisco Charter establishing Section 4.135.
2. Article 10 (Preservation of Historical and Architectural and Aesthetic Landmarks) and Article 11 (Preservation of Buildings and Districts of Architectural, Historical, and Aesthetic Importance in the C-3 Districts) are the Planning Code chapters that outline the designation and permit review processes for historic buildings.
3. These Articles have not been updated and do not conform to Charter Section 4.135. The proposed revisions make them consistent with Charter Section 4.135. In addition, substantive amendments have been made based on an extensive review process.
4. Therefore, the Planning Commission recommends *approval of the proposed Ordinances amending Articles 10 and 11.*

5. **General Plan Compliance.** The proposed Ordinances are, on balance, consistent with the following Objectives and Policies of the General Plan:

I. COMMERCE & INDUSTRY ELEMENT

THE COMMERCE & INDUSTRY ELEMENT SETS FORTH OBJECTIVES AND POLICES THAT ADDRESS THE BROAD RANGE OF ECONOMIC ACTIVITIES, FACILITIES AND SUPPORT SYSTEMS THAT CONSTITUTE SAN FRANCISCO'S EMPLOYMENT AND SERVICE BASE. THE PLAN SERVES AS A COMPREHENSIVE GUIDE FOR BOTH THE PUBLIC AND PRIVATE SECTORS WHEN MAKING DECISIONS RELATED TO ECONOMIC GROWTH AND CHANGE.

GOALS

The objectives and policies are based on the premise that economic development activities in San Francisco must be designed to achieve three overall goals: 1) Economic Vitality - the first goal is to maintain and expand a healthy, vital and diverse economy which will provide jobs essential to personal well-being and revenues to pay for the services essential to the quality of life in the city; 2) Social Equity - the second goal is to assure that all segments of the San Francisco labor force benefit from economic growth. This will require that particular attention be given to reducing the level of unemployment, particularly among the chronically unemployed and those excluded from full participation by race, language or lack of formal occupational training; and 3) Environmental Quality - the third goal is to maintain and enhance the environment. San Francisco's unique and attractive environment is one of the principal reasons San Francisco is a desirable place for residents to live, businesses to locate, and tourists to visit. The pursuit of employment opportunities and economic expansion must not be at the expense of the environment appreciated by all.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.8

Preserve historically and/or architecturally important buildings or groups of buildings in neighborhood commercial districts.

II. URBAN DESIGN ELEMENT

THE URBAN DESIGN ELEMENT CONCERNS THE PHYSICAL CHARACTER AND ORDER OF THE CITY, AND THE RELATIONSHIP BETWEEN PEOPLE AND THEIR ENVIRONMENT.

GOALS

The Urban Design Element is concerned both with development and with preservation. It is a concerted effort to recognize the positive attributes of the city, to enhance and conserve those attributes, and to improve the living environment where it is less than satisfactory. The Plan is a definition of quality, a definition based upon human needs.

OBJECTIVE 1

EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS

NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.3

Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

OBJECTIVE 2

CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

POLICY 2.4

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

POLICY 2.5

Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.

POLICY 2.7

Recognize and protect outstanding and unique areas that contribute in an extraordinary degree to San Francisco's visual form and character.

III. DOWNTOWN ELEMENT

THE DOWNTOWN PLAN GROWS OUT OF AN AWARENESS OF THE PUBLIC CONCERN IN RECENT YEARS OVER THE DEGREE OF CHANGE OCCURRING DOWNTOWN – AND OF THE OFTEN CONFLICTING CIVIC OBJECTIVES BETWEEN FOSTERING A VITAL ECONOMY AND RETAINING THE URBAN PATTERNS AND STRUCTURES WHICH COLLECTIVELY FOR THE PHYSICAL ESSENCE OF SAN FRANCISCO.

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

OBJECTIVE 12

CONSERVE RESOURCES THAT PROVIDE CONTINUITY WITH SAN FRANCISCO'S PAST.

Policy 12.1

Preserve notable landmarks and areas of historic, architectural, or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

The goal of the proposed Ordinances is to correct typographical and clerical errors to the Planning Code, as well as to update Articles 10 and 11 to make it conform to Charter Section 4.135, and to make substantive changes.

6. The proposed Ordinances are generally consistent with the eight General Plan priority policies set forth in Section 101.1 in that:

- A) The existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:

The proposed Ordinances would not significantly impact existing neighborhood-serving retail uses or opportunities for employment in or ownership of such businesses.

- B) The existing housing and neighborhood character will be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods:

The proposed Ordinances will not impact existing housing and neighborhood character.

- C) The City's supply of affordable housing will be preserved and enhanced:

The proposed Ordinances will not impact the supply of affordable housing.

- D) The commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:

The proposed Ordinances will not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

- E) A diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development. And future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinances would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.

- F) The City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Preparedness against injury and loss of life in an earthquake is unaffected by the proposed amendments.

- G) That landmark and historic buildings will be preserved:

The proposed Ordinances will update the Planning Code to reflect Charter Section 4.135 to incorporate the Historic Preservation Commission, and make other significant amendments with the intention of preserving landmark and historical buildings.

- H) Parks and open space and their access to sunlight and vistas will be protected from development:

The proposed Ordinances will not impact the City's parks and open space.

I hereby certify that the foregoing Resolution was ADOPTED by the San Francisco Historic Preservation Commission on February 2, 2012.

PLANNING CODE AMENDMENT

This case concerns the Planning Code Amendments to Articles 10 and 11.

On July 8, 2010, the Planning Commission initiated a text change to the Planning Code as part of the regular "Code Clean-Up" legislation. Included in this initiation were Planning Code changes intended to make the Code consistent with Charter Section 4.135, which establishes the Historic Preservation Commission. As noted in the July 8, 2010 initiation packet:

The Historic Preservation Commission ("HPC") was created in the fall of 2008. Articles 10 and 11 are the Planning Code chapters that outline the designation and permit review processes for historic buildings and have not been updated and do not conform to Charter Section 4.135. At the request of the Planning Commission and the HPC, the Department is proposing amendments to these two Articles. These revisions will simply make them consistent with Charter Section 4.135. There will not be any substantive changes to the Planning Code; the amendments will only remove references to the former Landmarks Preservation Advisory Board and where appropriate, the Planning Commission, to reflect the Charter.¹

¹ "Case No. 2010.0080T Executive Summary for Initiation of Planning Code Changes," available online at: <http://sf-planning.org/ftp/files/Commission/CPCPackets/2010.0080t.pdf> (October 18, 2011)

In order to provide more time for discussion regarding proposed changes to Articles 10 and 11, the Planning Commission severed Articles 10 and 11 from the so-called "Code Clean Up" legislation. The Code Clean-Up legislation moved on to the Board of Supervisors without addressing proposed changes to Articles 10 and 11.

A parallel review process was initiated by the Historic Preservation Commission (HPC) in July, 2010. During a series of public hearings between July and December, 2010, the HPC drafted revisions to Planning Code Articles 10 and 11. The City Attorney's office has reviewed the amendments to both Articles 10 and 11 as drafted by the HPC and has made suggested revisions on the drafts in order to approve them as-to-form. At its October 19, 2011 hearing, the HPC passed Resolution Number 666 recommending approval of Article 10 as amended. At its November 2, 2011 hearing, the HPC passed Resolution Number 667 recommending approval of Article 11 as amended. In addition, Supervisor Wiener has proposed additional amendments – not all of which have been reviewed by the HPC at this time – to Articles 10 and 11.

The Way It Is Now:

The proposed Ordinance would significantly amend Articles 10 and 11 of the Planning Code (hereafter referred to as "Code") in order to conform to Charter Section 4.135, which established the Historic Preservation Commission. The proposed Ordinance would replace all references to the former Landmarks Preservation Advisory Board (LPAB) with the Historic Preservation Commission, would amend procedures such as noticing, recommendations to the Board of Supervisors, and landmark and landmark district designation processes, as well as re-classification of buildings subject to Article 11. Below is a summary of the primary topics proposed for amendment, which includes:

- Designations, review of applications, scheduling and notice, appeals, and applicability;
- Economic hardship and fee waivers for Certificates of Appropriateness;
- Community input for historic district designations;
- Local interpretations of the *Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties*.

The full extent of the proposed changes is included in the attached redlined draft Ordinances for Articles 10 and 11. The attached draft Ordinances show both the amendments proposed by the HPC, and the additional amendments proposed by Supervisor Wiener. Please note that for the most part, when changes have been made to Article 10 that are also applicable to Article 11.

- **Section 1004.1 – Initiation of Designation, Section 1004.2 Referral Landmarks Preservation Advisory Board, Section 1004.3 – Hearing by the City Planning Commission, Section 1004.4 – Designation by the Board of Supervisors.**

The existing Article 10 allows for the initiation of an individual landmark by five bodies: the Board of Supervisors, the Planning Commission, the Arts Commission, the Landmarks Preservation Advisory Board, or the individual property owner. Historic districts may be initiated by a similar list of sponsors: the Board of Supervisors, the Planning Commission, the Arts Commission, the Landmarks Preservation Advisory Board, or 66% of property owners in the proposed district. Any initiation is forwarded to the LPAB for their recommendation, which is

then forwarded to the Planning Commission for its recommendation to the Board of Supervisors. The Board of Supervisors may approve or modify and approve the designation.

- **Section 1006.1 – Applications for Certificate of Appropriateness**

The existing Section 1006.1(e) allows the Department to combine applications, notices, and hearings for projects that require both Conditional Use Authorization and a Certificate of Appropriateness. These projects are to be heard by the Planning Commission.

- **Section 1006.2 – Review by Department of City Planning and City Planning Commission**

Under the current Article 10, the Department reviews with the LPAB applications for alterations to individual landmarks or to buildings within historic districts. If the LPAB finds that the proposal would be a significant impact, it refers the permit to the Planning Commission for its review. For applications for demolition or new construction, the permit is referred to the Planning Commission.

- **Section 1006.3 – Scheduling and Notice of Hearing**

Currently, no notice is required, except for applications for Certificates of Appropriateness that are referred to the Planning Commission. In those cases, a 20-day newspaper ad is required, as is a mailed notice to owners 10-days prior to the hearing.

- **Section 1006.7 – Standards for Review of Applications**

The current version of Article 10 requires that the Planning Commission and the Department, in their consideration of applications for Certificates of Appropriateness, be guided by standards that are outlined in this section, that focus on compatibility. There is no explicit reference to the *Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties*.

- **Section 1006.8 – Appeals from Planning Commission Decision**

Decisions made by the Planning Commission regarding Certificates of Appropriateness may be appealed to the Board of Supervisors within 30 days of the date of action.

- **Section 1014 – Applicability**

In the existing Article 10, no application for a permit to construct, alter, or demolish any structure on a proposed landmark site may be approved once an application has been filed to designated the site or district in which it is located.

- **Section 1111.7 – Permits for Signs**

In the existing Article 11, this Section relates to permits for new signs. The HPC has proposed modifications that would re-write this Section so that it addresses applications for demolition.

The Way It Would Be:

Below is a summary of how the proposed Ordinance would amend the following major Sections within the Code:

- **Section 1004.1 – Nomination and Initiation of Designation Landmark and Historic District Designation, 1004.2 – Decision by the Historic Preservation Commission, and 1004.3 – Designation by the Board of Supervisors.**

The HPC-proposed amendment would allow the Planning Department, property owner, or any member of the public to request that the HPC vote to initiate landmark designation. Supervisor Wiener's proposed amendment would retain the requirement outlined in the existing Article 10, which requires, in the case of a proposed historic district designation, that the nomination be subscribed by 66% of the property owners in the proposed historic district. As outlined in the HPC-proposed amendment, the initiation of a designation may be made by resolution of the Board of Supervisors or by resolution of the HPC.

If the HPC, at its initiation hearing, recommends approval of an **individual landmark designation**, that recommendation will be forwarded directly to the Board of Supervisors for its consideration, and will not be forwarded to the Planning Commission. If the HPC, at its initiation hearing, recommends approval of an **historic district designation**, that recommendation will be forwarded first to the Planning Commission for its recommendation, and then on to the Board of Supervisors for its consideration.

Supervisor Wiener has proposed an additional modification, which would require that in its review of an historic district designation, the Planning Commission's recommendation will include findings regarding the district's consistency with the General Plan, and specifically policies that encourage the production of housing and transit-oriented development.

If the HPC, at its initiation hearing, disapproves designation of an individual landmark or historic district, that decision is final unless it is appealed.

The Board of Supervisors will consider any initiated designation of an individual landmark or historic district, and may approve, modify and approve, or disapprove the designation. Supervisor Wiener has recommended a modification that would require, in the case of proposed historic districts that the Planning Department conduct outreach to invite all property owners to express their opinion on the nomination, with a goal of obtaining the participation of at least 50% of property owners within the proposed district.

- **Section 1005(e)(4)**

This is a new subsection proposed by Supervisor Wiener, which states that when an application is made for a permit for work on a sidewalk or street within a designated historic district, the processes outlined in Article 10 do not apply unless the streets and sidewalks of the district have been explicitly called out as character-defining features in the designating ordinance.

- **Section 1006.1 – Applications for Certificate of Appropriateness**

As amended by the HPC, Section 1006.1(e) would require that for projects that require multiple approvals in addition to the Certificate of Appropriateness, the HPC would first review and act on the Certificate of Appropriateness prior to any other planning approval. For projects that require Conditional Use Authorization or permit review under Section 309, and that do not concern individually designated structures (i.e., for projects that are located within historic districts), the Planning Commission may modify the decision of the HPC on the Certificate of Appropriateness with a 2/3 vote.

Supervisor Wiener has proposed a further amendment that would require that, when the Planning Commission modifies decisions by the HPC in the cases outlined above, the Planning

Commission takes into account all relevant General Plan and Planning Code policies in addition to all applicable historic resource provisions of the Code.

In addition, Supervisor Wiener has proposed a new subsection 1006.1(f) that would establish Permit and Application Fee Waivers to waive all or part of fees associated with Certificates of Appropriateness in cases of economic hardship. In addition, fees for Certificates of Appropriateness would be waived for permit applications for City-owned properties.

- **Section 1006.2 – Review by Planning Department**

The revised Article 10 outlines a process by which the HPC may delegate to the Department specific scopes of work to the Planning Department for its review and approval. These “Administrative” Certificates of Appropriateness do not require notification or a public hearing before the HPC. This function is currently not allowed under the existing Article 10 but is allowed under Article 11.

- **Section 1006.3 – Scheduling and Notice of Hearing**

The revised Article 10, as outlined above, eliminates the requirement that Certificates of Appropriateness for alteration permits be referred to the Planning Commission. In addition, the revised Article 10 consolidates the notification procedures and timeline for HPC hearings for Certificates of Appropriateness, and eliminates the requirement for notice in the newspaper.

The HPC-proposed amendments would provide mailed notice for applications within historic districts to owners and occupants within 300 feet of the subject property. Supervisor Wiener’s proposed amendment would reduce that radius to within 150 feet of the subject property.

- **Section 1006.6 Standards for Review of Applications.**

This section has been re-numbered from 1006.7 to 1006.6. The HPC-proposed amendments require that the HPC, the Department, and in the case of multiple approvals, the Planning Commission, shall ensure that applications for proposed work are consistent with the *Secretary of the Interior’s Standards and Guidelines for the Treatment of Historic Properties*.

Supervisor Wiener has recommended alternative language that would require that the HPC or Planning Commission shall consider whether the proposed work is consistent with the *Standards*, as interpreted by the Department in *Guidelines, Interpretations, or Bulletins* adopted by the HPC and the Planning Commission. Development of these local interpretations of the *Standards* would be a public process led by the Planning Department.

In addition, Supervisor Wiener has proposed the addition of new subsections 1006.6(g) and (h), which would further address economic hardship. The proposed new subsection 1006.6(g) would require that, for projects proposed by public agencies or for City-owned properties, the Department and the HPC shall consider the relevant public agency’s mission and constraints in considering the application. The new subsection 1006.6(h) would apply to applications for permits in RH, RM, RTO and NC districts, and would allow an exemption from the requirements of Section 1006.6 (conformance with the *Standards*) when conformance would create a significant economic hardship, provided that the scope of the project does not include demolition, fees have been waived pursuant to Section 1006.1, and the Zoning Administrator has determined that all other aspects of the project are Code-complying. Finally, for undeveloped or

vacant lots, or non-contributors within historic districts, an exemption from the requirements of 1006.6 (conformance with the *Standards*) is also available.

- **Section 1006.7 – Appeals of a Certificate of Appropriateness**

This section has been renumbered from 1006.8 to 1006.7. The HPC has proposed modifying this section such that decisions on Certificates of Appropriateness may be appealed to the Board of Appeals rather than the Board of Supervisors. In cases that include Conditional Use Authorizations or approval by the Board of Supervisors, the decision may be appealed to the Board of Supervisors, which may modify the decision by a majority vote.

- **Section 1014 – Applicability**

As revised by the HPC, no permit may be approved for one year after a resolution is passed initiating designation or confirming nomination of a proposed landmark or district. The HPC or the Board of Supervisors may further extend this time period for up to 180 days. However, work may be approved on such sites with pending designations, provided a Certificate of Appropriateness is granted for the work.

Supervisor Wiener has proposed an amendment to the changes recommended by the HPC, which would prohibit work on sites with pending designations for 180 days, rather than one year. His amendments would allow the Board of Supervisors to extend this period for up to 90 days.

- **Section 1111.7 – Standards and Requirements for Review of Applications for Demolition**

The existing Article 11 outlines a higher level of review for the demolition of Significant Buildings (Categories I and II buildings within the C-3 zoning districts). However, for Contributory Buildings that **have not sold TDR** (Categories III and IV buildings within the C-3 zoning districts), the criteria were less stringent. Under the existing Article 11 if a Contributory Building **has sold its TDR**, it is reviewed with the same criteria as if it were a Significant Building (since the property owner has already received a financial gain through the sale of their TDR).

The HPC has proposed modifications that would change the criteria for evaluation of permits to demolish. For Significant Buildings (Categories I and II) and for Contributory Buildings (Categories III and IV) that have sold their TDR, the HPC may approve the demolition provided it makes findings that the property retains no substantial market or reasonable use, or if an imminent safety hazard has been identified with demolition as the only feasible means to secure public safety. For Contributory Buildings (Categories III and IV) from which no TDR has been transferred, a demolition may be approved using the same findings as those listed above, or findings that because of the physical condition of the structure, rehabilitation and reuse will not meet the goals and objectives of the project, that the replacement building is compatible with the district in which the structure is located, and that specific economic, social, and other benefits of the replacement building outweigh the benefit conferred through the historic preservation of the structure. Finally, for any Category V (Not Rated) building within a conservation district, demolition may be approved if the building has not gained historic significance since the time of its rating and that the proposed replacement building is compatible with the district.

The proposed Ordinance is before the Commission so that it may approve or disapprove the proposed Planning Code Amendments, and forward its recommendation on to the Board of Supervisors.

Modifications

Dear Ms. Calvillo,

Attached are recommendations made by the Historic Preservation Commission (HPC) to the Board of Supervisors regarding proposed amendments to Articles 10 and 11 of the Planning Code. A recommendation on the same Articles by the Planning Commission has also been transmitted to you under separate cover. Please include these recommendations by the HPC as a report in your file for the Planning Commission-initiated legislation.

On July 8, 2010 the San Francisco Planning Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the initiation of a proposed Ordinance. As originally proposed, this Ordinance was a Planning Code "Clean Up" amendment proposed by Department Staff.

At the request of the Planning Commission, the portions of the proposed amendment that dealt with Articles 10 and 11 were severed; the Planning Commission asked the Historic Preservation Commission (HPC) to review the amendments to Articles 10 and 11 and to provide a recommendation to both the Planning Commission and to the Board of Supervisors. This request was made pursuant to Charter Section 4.135, which states that any proposed Ordinance concerning historic preservation must be submitted to the HPC for its review and recommendation to the Board of Supervisors.

The HPC conducted duly noticed public hearings to consider the Planning Commission-initiated amendments, as well as further modifications recommended by Supervisor Wiener on the following dates:

- 2010: July 21st, August 4th and 18th, September 1st, 15th and 29th, October 6th and 15th, November 3rd and 17th, and December 1st;

- 2011: August 17th, September 7th and 21st, October 5th and October 19th, November 2nd and 16th;
- 2012: January 18th and February 1st, 2012.

The HPC passed Resolution 672, which addresses proposed amendments to Article 10, as well as Resolution 673, which addresses proposed amendments to Article 11. The Resolutions recommend specific changes to the language of Articles 10 and 11 drafted by the HPC, and also incorporate some of the additional changes proposed by Supervisor Wiener. The final set of recommendations by the HPC does not include all of the proposed amendments by Supervisor Wiener, as outlined below and in the attached motions:

- Section 1004.1(a) shall read: (a) Nomination. The Department, or property owner(s), or member(s) of the public may request that the HPC initiate designation of a landmark site or historic district. When a nomination is submitted by a majority of property owners for designation of a historic district, the nomination must be subscribed by or on behalf of at least 66 percent of the property owners in the proposed district considered by the HPC. A nomination for initiation shall be in the form prescribed by the HPC and shall contain supporting historic, architectural, and/or cultural documentation, as well as any additional information the HPC may require. The HPC shall hold a hearing to consider the nomination no later than 45 days from the receipt of the nomination request. (Please note, the HPC voted +6,-0 on this modification.)*
- Section 1004.3 shall read: Prior to the Board of Supervisors' vote on a proposed historic district, the Planning Department shall conduct thorough outreach to affected property owners and occupants. The Planning Department shall invite all property owners and occupants in the proposed district area to express their opinion in writing on the proposed designation, be it in the form of a vote or a survey. Such invitation shall advise owners of the practical consequences of the adoption of the district, including the availability of preservation incentives, the types of work requiring a Certificate of Appropriateness, the process and fees for obtaining a Certificate of Appropriateness, and the types of work that is generally ineligible to receive a Certificate of Appropriateness. The Department's goal shall be to obtain the participation of at least half of all property owners in the proposed district. The property owners' vote shall be considered by the Board of Supervisors when taking action on the proposed district. (Please note, the HPC voted +4,-2 on this modification. Hasz and Damkroger voted against.)*
- Section 1006.6 shall read: The proposed work shall comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties for individual Landmarks and contributors within historic districts, as well as any applicable guidelines, local interpretations, bulletins, or other policies. Development of local interpretations and guidelines based on the Secretary of the Interior's Standards shall be led by the Planning Department, through a public participation process, shall be found to be in conformance with the General Plan and Planning Code by the Planning Commission, and shall be adopted by both the HPC and the Planning Commission.*

In the case of any apparent inconsistency among the requirements of this Section, compliance with the requirements of the Designating Ordinance shall prevail. (Please note, the HPC voted +4,-2 on this modification. Hasz and Martinez voted against.)

- d. Supervisor Wiener has proposed adding Section 1006.6(g), which would require that, for applications pertaining to City-owned property, the HPC and the Planning Department consider the relevant public agency's mission and operational needs. The HPC does not recommend including the added language at this time. (Please note, the HPC voted +6,-0 on this modification.)
- e. Supervisor Wiener has proposed adding Section 1006.6(h), which would provide an exemption from the requirements of Section 1006.6 when doing so would create an economic hardship for the applicant, provided specific criteria are met. The HPC does not recommend including the added language at this time; however, the HPC would encourage further study to better understand the housing shortage that the Supervisor has referred to, as well as the most appropriate solution. (Please note, the HPC voted +6,-0 on this modification.)
- f. Section 1107(e) shall read: Prior to the Board of Supervisors' vote on a proposed boundary change, the Planning Department shall conduct thorough outreach to affected property owners and occupants. The Planning Department shall invite all property owners and occupants in the area covered by the proposed boundary change to express their opinion in writing on the proposed boundary change. be it in the form of a vote or a survey with the goal of obtaining the participation of at least half of all property owners in the area. Such invitation shall advise owners of the practical consequences of the adoption of the proposed boundary change, including the availability of preservation incentives, the types of work requiring a Permit to Alter, the process and fees for obtaining a Permit to Alter, and the types of work that is generally ineligible to receive a Permit to Alter. The property owners' vote shall be considered by the Board of Supervisors when taking action on the proposed boundary change.
- g. Supervisor Wiener has proposed adding Sections 1111 (f) and (g), which would provide an exemption from the requirements of Section 1006.6 when doing so would create an economic hardship for the applicant, provided specific criteria are met. The HPC does not recommend including the added language at this time; however, the HPC would encourage further study to better understand the housing shortage that the Supervisor has referred to, as well as the most appropriate solution.
- h. Section 1111.6 shall read: The proposed work shall comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties for significant and contributory buildings, as well as any applicable guidelines, local interpretations, bulletins, or other policies. Development of local interpretations and guidelines based on the Secretary of the Interior's Standards shall be led by the Planning Department, through a public participation process, shall be found to be in conformance with the General Plan and Planning Code by the Planning Commission, and shall be adopted by both the HPC and the Planning Commission.
- In the case of any apparent inconsistency among the requirements of this Section, compliance with the requirements of the Designating Ordinance shall prevail.
- i. Section 1111.7(a)(3): Supervisor Wiener recommended that language be added that would modify the timeframe for reclassification of Category V buildings, and that would make denials of applications for demolition of Category V buildings subject to a finding that the demolition

would substantially diminish the integrity of the conservation district. The HPC does not recommend including the added language.

- j. Section 1111.7(b) shall read: (b) The cumulative effects on the integrity of the Conservation District associated with demolition of a Contributory Building shall be considered and may be grounds for denial of the Permit to Demolish, if it is found that the demolition would substantially diminish the integrity of the Conservation District.

The proposed changes have been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15060(c)(2).

At the February 1 hearing, the HPC voted to recommend approval with modifications of the proposed Ordinances. Please find attached documents relating to the Commission's action. If you have any questions or require further information please do not hesitate to contact me.

Sincerely,

John Rahaim
Director of Planning

MOVED, that the HPC hereby recommends that the Board of Supervisors *approve* amendments to Articles 10 and 11, including those proposed amendments by Supervisor Wiener as outlined in the draft dated March 21, 2012, with the modifications outlined below.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. This Historic Preservation Commission was created in the fall of 2008 when the voters passed amendments to the San Francisco Charter establishing Section 4.135.
2. Article 10 (Preservation of Historical and Architectural and Aesthetic Landmarks) and Article 11 (Preservation of Buildings and Districts of Architectural, Historical, and Aesthetic Importance in the C-

3 Districts) are the Planning Code chapters that outline the designation and permit review processes for historic buildings.

3. These Articles have not been updated and do not conform to Charter Section 4.135. The proposed revisions will both update Article 10 to make it consistent with Charter Section 4.135 and provide additional amendments to procedures for designating buildings and districts, as well as permitting procedures, among other changes.
4. Therefore, the HPC recommends *approval of Article 10 with modifications* to the draft dated March 21, 2012 of the proposed Ordinance, as outlined below. The following proposed changes are not reflected in the Ordinance recommended for approval by the Planning Commission, but rather are additional modifications the HPC recommends:

- a. *Section 1004.1(a) shall read: (a) Nomination. The Department, or property owner(s), or member(s) of the public may request that the HPC initiate designation of a landmark site or historic district. When a nomination is submitted by a majority of property owners for designation of a historic district, the nomination must be subscribed by or on behalf of at least 66 percent of the property owners in the proposed district considered by the HPC. A nomination for initiation shall be in the form prescribed by the HPC and shall contain supporting historic, architectural, and/or cultural documentation, as well as any additional information the HPC may require. The HPC shall hold a hearing to consider the nomination no later than 45 days from the receipt of the nomination request.* Please note, the HPC voted +6,-0 on this modification.
- b. *Section 1004.3 shall read: Prior to the Board of Supervisors' vote on a proposed historic district, the Planning Department shall conduct thorough outreach to affected property owners and occupants. The Planning Department shall invite all property owners and occupants in the proposed district area to express their opinion in writing on the proposed designation. be it in the form of a vote or a survey. Such invitation shall advise owners of the practical consequences of the adoption of the district, including the availability of preservation incentives, the types of work requiring a Certificate of Appropriateness, the process and fees for obtaining a Certificate of Appropriateness, and the types of work that is generally ineligible to receive a Certificate of Appropriateness. The Department's goal shall be to obtain the participation of at least half of all property owners in the proposed district. The property owners' vote shall be considered by the Board of Supervisors when taking action on the proposed district.* Please note, the HPC voted +4,-2 on this modification. (Hasz and Damkroger voted against.)
- c. *Section 1006.6 shall read: The proposed work shall comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties for individual Landmarks and contributors within historic districts, as well as any applicable guidelines, local interpretations, bulletins, or other policies. Development of local interpretations and guidelines based on the Secretary of the Interior's Standards shall be led by the Planning Department, through a public participation process, shall be found to be in conformance with the General Plan and Planning Code by the Planning Commission, and shall be adopted by both the HPC and the Planning Commission.*

In the case of any apparent inconsistency among the requirements of this Section, compliance with the requirements of the Designating Ordinance shall prevail. Please note, the HPC voted +4,-2 on this modification. (Hasz and Martinez voted against.)

- d. *Supervisor Wiener has proposed adding Section 1006.6(g), which would require that, for applications pertaining to City-owned property, the HPC and the Planning Department consider the relevant public agency's mission and operational needs. The HPC does not recommend including the added language at this time. Please note, the HPC voted +6,-0 on this modification*
 - e. *Supervisor Wiener has proposed adding Section 1006.6(h), which would provide an exemption from the requirements of Section 1006.6 when doing so would create an economic hardship for the applicant, provided specific criteria are met. The HPC does not recommend including the added language at this time; however, the HPC would encourage further study to better understand the housing shortage that the Supervisor has referred to, as well as the most appropriate solution. Please note, the HPC voted +6,-0 on this modification*
5. **General Plan Compliance.** The proposed Ordinance is, on balance, consistent with the following Objectives and Policies of the General Plan:

I. COMMERCE & INDUSTRY ELEMENT

THE COMMERCE & INDUSTRY ELEMENT SETS FORTH OBJECTIVES AND POLICES THAT ADDRESS THE BROAD RANGE OF ECONOMIC ACTIVITIES, FACILITIES AND SUPPORT SYSTEMS THAT CONSTITUTE SAN FRANCISCO'S EMPLOYMENT AND SERVICE BASE. THE PLAN SERVES AS A COMPREHENSIVE GUIDE FOR BOTH THE PUBLIC AND PRIVATE SECTORS WHEN MAKING DECISIONS RELATED TO ECONOMIC GROWTH AND CHANGE.

GOALS

The objectives and policies are based on the premise that economic development activities in San Francisco must be designed to achieve three overall goals: 1) Economic Vitality - the first goal is to maintain and expand a healthy, vital and diverse economy which will provide jobs essential to personal well-being and revenues to pay for the services essential to the quality of life in the city; 2) Social Equity - the second goal is to assure that all segments of the San Francisco labor force benefit from economic growth. This will require that particular attention be given to reducing the level of unemployment, particularly among the chronically unemployed and those excluded from full participation by race, language or lack of formal occupational training; and 3) Environmental Quality - the third goal is to maintain and enhance the environment. San Francisco's unique and attractive environment is one of the principal reasons San Francisco is a desirable place for residents to live, businesses to locate, and tourists to visit. The pursuit of employment opportunities and economic expansion must not be at the expense of the environment appreciated by all.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.8

Preserve historically and/or architecturally important buildings or groups of buildings in neighborhood commercial districts.

II. URBAN DESIGN ELEMENT

THE URBAN DESIGN ELEMENT CONCERNS THE PHYSICAL CHARACTER AND ORDER OF THE CITY, AND THE RELATIONSHIP BETWEEN PEOPLE AND THEIR ENVIRONMENT.

GOALS

The Urban Design Element is concerned both with development and with preservation. It is a concerted effort to recognize the positive attributes of the city, to enhance and conserve those attributes, and to improve the living environment where it is less than satisfactory. The Plan is a definition of quality, a definition based upon human needs.

OBJECTIVE 1

EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.3

Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

OBJECTIVE 2

CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

POLICY 2.4

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

POLICY 2.5

Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.

POLICY 2.7

Recognize and protect outstanding and unique areas that contribute in an extraordinary degree to San Francisco's visual form and character.

III. DOWNTOWN ELEMENT

THE DOWNTOWN PLAN GROWS OUT OF AN AWARENESS OF THE PUBLIC CONCERN IN RECENT YEARS OVER THE DEGREE OF CHANGE OCCURRING DOWNTOWN — AND OF THE OFTEN CONFLICTING CIVIC OBJECTIVES BETWEEN FOSTERING A VITAL ECONOMY AND RETAINING THE URBAN PATTERNS AND STRUCTURES WHICH COLLECTIVELY FOR THE PHYSICAL ESSENCE OF SAN FRANCISCO.

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

OBJECTIVE 12

CONSERVE RESOURCES THAT PROVIDE CONTINUITY WITH SAN FRANCISCO'S PAST.

Policy 12.1

Preserve notable landmarks and areas of historic, architectural, or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

The goal of the proposed Ordinance is to correct typographical and clerical errors in the Planning Code, as well as to update Articles 10 and 11 to make it conform to Charter Section 4.135 and to improve processes.

6. The proposed Ordinance is generally consistent with the eight General Plan priority policies set forth in Section 101.1 in that:

- A) The existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:

The proposed Ordinance would not significantly impact existing neighborhood-serving retail uses or opportunities for employment in or ownership of such businesses.

- B) The existing housing and neighborhood character will be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods:

The proposed Ordinance will not impact existing housing and neighborhood character.

- C) The City's supply of affordable housing will be preserved and enhanced:

The proposed Ordinance will not impact the supply of affordable housing.

- D) The commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:

The proposed Ordinance will not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

- E) A diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development. And future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinance would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.

- F) The City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Preparedness against injury and loss of life in an earthquake is unaffected by the proposed amendments.

- G) That landmark and historic buildings will be preserved:

The proposed Ordinance will update the Planning Code to reflect Charter Section 4.135 to incorporate the Historic Preservation Commission.

- H) Parks and open space and their access to sunlight and vistas will be protected from development:

The proposed Ordinance will not impact the City's parks and open space.

I hereby certify that the foregoing Resolution was ADOPTED by the San Francisco Historic Preservation Commission on February 1, 2012.

This memorandum concerns the Planning Code Amendments to Articles 10 and 11.

The proposed revisions to Planning Code Articles 10 and 11 were drafted by the Historic Preservation Commission (HPC) over the course of a series of hearings held between July and December, 2010. The City Attorney's office has reviewed the amendments to both Articles 10 and 11 as drafted by the HPC and has suggested revisions to the drafts in order to approve them as-to-form. In addition, on September 7, October 3, October 13, October 17, and October 27, 2011, Supervisor Wiener circulated five Memoranda to the Historic Preservation Commission with proposed further amendments to Articles 10 and 11. On December 1, 2011, the Department received a set of proposed amendments by Supervisor Wiener in draft Ordinance-form that incorporated much of what the five memos had proposed. The Planning Commission considered these amendments as an informational item at their December 8, 2011 public hearing, and is scheduled to make a formal recommendation to the Board of Supervisors at the February 2, 2012 hearing. The HPC has not yet considered the proposed amendments transmitted to the Department by Supervisor Wiener on December 1, 2011.

Included as attachments in today's packet are:

1. A clean copy of Article 10 that reflects the changes incorporated through the adopted Resolution 666 passed on October 19, 2011 and a clean copy of Article 11 that reflects the changes incorporated through the adopted Resolution 667 passed on November 2, 2011;
2. A copy of Article 10 and a copy of Article 11 that show the further amendments proposed by Supervisor Wiener.

SUMMARY OF AUGUST 17, 2011-NOVEMBER 16, 2011 HPC HEARINGS

Beginning in August, 2011, the HPC began a review of proposed edits to Articles 10 and 11 suggested by Deputy City Attorney Marlena Byrne intended to clarify the language and to approve the two ordinances as-to-form.

At the October 19, 2011 public hearing, the HPC adopted Resolution Number 666 recommending that the Planning Commission recommend that the Board of Supervisors adopt an Ordinance that would amend Article 10. At the November 2, 2011 hearing, the HPC passed Resolution Number 667 recommending that the Planning Commission recommend approval to the Board of Supervisors of an Ordinance that would amend Article 11.

In addition, at the October 27, November 2, and November 16th hearings the Commission discussed proposed amendments to Articles 10 and 11 made by Supervisor Wiener in five memos addressed to the Commission, dated September 7, October 3, October 13, October 17, and October 27, 2011.

SUMMARY OF THE DECEMBER 8, 2011 PLANNING COMMISSION HEARING

At the December 8, 2011 Planning Commission hearing, the Commission held an informational hearing to consider the proposed amendments by Supervisor Wiener to the versions of Articles 10 and 11 as drafted by the HPC. At the hearing, Staff provided an overview presentation about the existing versions of Articles 10 and 11, proposed changes by the HPC, and additional modifications recommended by Supervisor Wiener.

No action was taken at the hearing; the item is scheduled for action by the Planning Commission at the February 2, 2012 public hearing.

ISSUES FOR DISCUSSION AT THE JANUARY 18, 2012 HPC HEARING

Due to the timing of the Department's receipt of the proposed amendments to Articles 10 and 11 by Supervisor Wiener on December 1, 2011, the HPC has not considered the full amendments in Ordinance form. The primary issue for consideration at the January 18, 2011 public hearing is the draft Ordinance with the amendments proposed by Supervisor Wiener. The full text is included with your packets as Exhibit C. Below is a summary that outlines "The Way it is Now," and the "The Way it Would Be," highlighting differences between the proposed amendments proposed by the HPC and by Supervisor Wiener.

Please note that the proposed amendments by Supervisor Wiener are in draft form at this time, and have not been formally introduced at the Board of Supervisors. If further amendments are introduced by Supervisor Wiener that have not been considered by the HPC, the Ordinance will be re-referred to the HPC for its review.

The recommendation of the HPC will be forwarded to the Board of Supervisors for its consideration.

The proposed Ordinance would significantly amend Articles 10 and 11 of the Planning Code (hereafter referred to as "Code") in order to conform to Charter Section 4.135, which established the Historic Preservation Commission. The proposed Ordinance would replace all references to the former Landmarks Preservation Advisory Board (LPAB) with the Historic Preservation Commission, would amend procedures such as noticing, recommendations to the Board of Supervisors, and landmark and landmark district designation processes, as well as re-classification of buildings subject to Article 11. Below is a summary of the primary topics proposed for amendments, which include:

- Designations, review of applications, scheduling and notice, appeals, and applicability;
- Economic hardship and fee waivers for Certificates of Appropriateness;
- Community input for historic district designations;
- Local interpretations of the *Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties*.

The full extent of the proposed changes is included in the attached redlined draft Ordinances for Articles 10 and 11 attached as Exhibit C. The attached draft Ordinances show both the amendments proposed by

the HPC, and the additional amendments proposed by Supervisor Wiener. Please note that for the most part, when changes have been made to Article 10 they are also applicable to Article 11.

The Way It Is Now:

Below is a summary of relevant sections of the existing Planning Code Articles 10 and 11:

- **Section 1004.1 – Initiation of Designation, Section 1004.2 Referral Landmarks Preservation Advisory Board, Section 1004.3 – Hearing by the City Planning Commission, Section 1004.4 – Designation by the Board of Supervisors.**

The existing Article 10 allows for the initiation of an individual landmark designation by five bodies: the Board of Supervisors, the Planning Commission, the Arts Commission, the Landmarks Preservation Advisory Board, or the individual property owner. Historic districts may be initiated by a similar list of sponsors: the Board of Supervisors, the Planning Commission, the Arts Commission, the Landmarks Preservation Advisory Board, or 66% of property owners in the proposed district. Any initiation is forwarded to the LPAB for their recommendation, which is then forwarded to the Planning Commission for its recommendation to the Board of Supervisors. The Board of Supervisors may approve or modify and approve the designation.

- **Section 1006.1 – Applications for Certificate of Appropriateness**

The existing Section 1006.1(e) allows the Department to combine applications, notices, and hearings for projects that require both Conditional Use Authorization and a Certificate of Appropriateness. These projects are to be heard by the Planning Commission.

- **Section 1006.2 – Review by Department of City Planning and City Planning Commission**

Under the current Article 10, the Department reviews with the LPAB applications for alterations to individual landmarks or to buildings within historic districts. If the LPAB finds that the proposal would be a significant impact, it refers the permit to the Planning Commission for its review. For applications for demolition or new construction, the permit is referred to the Planning Commission.

- **Section 1006.3 – Scheduling and Notice of Hearing**

Currently, no notice is required, except for applications for Certificates of Appropriateness that are referred to the Planning Commission. In those cases, a 20-day newspaper ad is required, as is a mailed notice to owners 10-days prior to the hearing.

- **Section 1006.7 – Standards for Review of Applications**

The current version of Article 10 requires that the Planning Commission and the Department, in their consideration of applications for Certificates of Appropriateness, be guided by standards that are outlined in this section that focus on compatibility. There is no explicit reference to the *Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties*.

- **Section 1006.8 – Appeals from Planning Commission Decision**

Decisions made by the Planning Commission regarding Certificates of Appropriateness may be appealed to the Board of Supervisors within 30 days of the date of action.

- **Section 1014 – Applicability**

In the existing Article 10, no application for a permit to construct, alter, or demolish any structure on a proposed landmark site may be approved once an application has been filed to designated the site or district in which it is located.

- **Section 1111.7 – Permits for Signs**

In the existing Article 11, this Section relates to permits for new signs. The HPC has proposed modifications that would re-write this Section so that it addresses applications for demolition.

The Way It Would Be:

Below is a summary of how the proposed Ordinance would amend the following major Sections within the Code:

- **Section 1004.1 – Nomination and Initiation of Designation Landmark and Historic District Designation, 1004.2 – Decision by the Historic Preservation Commission, and 1004.3 – Designation by the Board of Supervisors.**

Pursuant to the Prop J Charter Amendment, the HPC and the Board of Supervisors have the authority to nominate historic landmark and historic district designations. The HPC-proposed amendment would allow a property owner or any member of the public to request that the HPC vote to initiate landmark designation. Supervisor Wiener's proposed amendment would retain the requirement outlined in the existing Article 10 that requires, in the case of member of the public requesting nomination of a historic district, that the nomination be subscribed by 66% of the property owners in the proposed historic district. As outlined in the HPC-proposed amendment, the initiation of a designation may be made by resolution of the Board of Supervisors or by resolution of the HPC.

If the HPC, at its initiation hearing, recommends approval of an **individual landmark designation**, that recommendation will be forwarded directly to the Board of Supervisors for its consideration, and will not be forwarded to the Planning Commission. If the HPC, at its initiation hearing, recommends approval of an **historic district designation**, that recommendation will be forwarded first to the Planning Commission for its recommendation, and then on to the Board of Supervisors for its consideration.

Supervisor Wiener has proposed an additional modification, which would require that in its review of an historic district designation, the Planning Commission's recommendation will include findings regarding the district's consistency with the General Plan, and specifically policies that encourage the production of housing and transit-oriented development.

If the HPC, at its initiation hearing, disapproves designation of an individual landmark or historic district, that decision is final unless it is appealed.

The Board of Supervisors will consider any initiated designation of an individual landmark or historic district, and may approve, modify and approve, or disapprove the designation. Supervisor Wiener has recommended a modification that would require, in the case of proposed historic districts that the Planning Department conduct outreach to invite all property owners to express their opinion on the nomination, with a goal of obtaining the participation of at least 50% of property owners within the proposed district.

- **Section 1005(e)(4)**

This is a new subsection proposed by Supervisor Wiener, which states that when an application is made for a permit for work on a sidewalk or street within a designated historic district, the processes outlined in Article 10 do not apply unless the streets and sidewalks of the district have been explicitly called out as character-defining features in the designating ordinance.

- **Section 1006.1 – Applications for Certificate of Appropriateness**

As amended by the HPC, Section 1006.1(e) would require that for projects that require multiple approvals in addition to the Certificate of Appropriateness, the HPC would first review and act on the Certificate of Appropriateness prior to any other planning approval. For projects that require Conditional Use Authorization or permit review under Section 309, and that do not concern individually designated structures (i.e., for projects that are located within historic districts), the Planning Commission may modify the decision of the HPC on the Certificate of Appropriateness with a 2/3 vote.

Supervisor Wiener has proposed a further amendment that would require that, when the Planning Commission modifies decisions by the HPC in the cases outlined above, the Planning Commission takes into account all relevant General Plan and Planning Code policies in addition to all applicable historic resource provisions of the Code.

In addition, Supervisor Wiener has proposed a new subsection 1006.1(f) that would establish Permit and Application Fee Waivers to waive all or part of fees associated with Certificates of Appropriateness in cases of economic hardship. In addition, fees for Certificates of Appropriateness would be waived for permit applications for City-owned properties.

- **Section 1006.2 – Review by Planning Department**

The revised Article 10 outlines a process by which the HPC may delegate to the Department specific scopes of work to the Planning Department for its review and approval. These "Administrative" Certificates of Appropriateness do not require notification or a public hearing before the HPC. This function is currently not allowed under the existing Article 10 but is allowed under Article 11.

- **Section 1006.3 – Scheduling and Notice of Hearing**

The revised Article 10, as outlined above, eliminates the requirement that Certificates of Appropriateness for alteration permits be referred to the Planning Commission. In addition, the revised Article 10 consolidates the notification procedures and timeline for HPC hearings for Certificates of Appropriateness, and eliminates the requirement for notice in the newspaper.

The HPC-proposed amendments would provide mailed notice for applications within historic districts to owners and occupants within 300 feet of the subject property. Supervisor Wiener's proposed amendment would reduce that radius to within 150 feet of the subject property.

- **Section 1006.6 Standards for Review of Applications.**

This section has been re-numbered from 1006.7 to 1006.6. The HPC-proposed amendments require that the HPC, the Department, and in the case of multiple approvals, the Planning Commission, shall ensure that applications for proposed work are consistent with the *Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties*.

Supervisor Wiener has recommended alternative language that would require that the HPC or Planning Commission shall consider whether the proposed work is consistent with the *Standards*, as interpreted by the Department in Guidelines, Interpretations, or Bulletins adopted by the HPC and the Planning Commission. Development of these local interpretations of the *Standards* would be a public process led by the Planning Department.

In addition, Supervisor Wiener has proposed the addition of new subsections 1006.6(g) and (h), which would further address economic hardship. The proposed new subsection 1006.6(g) would require that, for projects proposed by public agencies or for City-owned properties, the Department and the HPC shall consider the relevant public agency's mission and constraints in considering the application. The new subsection 1006.6(h) would apply to applications for permits in RH, RM, RTO and NC districts, and would allow an exemption from the requirements of Section 1006.6 (conformance with the *Standards*) when conformance would create a significant economic hardship, provided that the scope of the project does not include demolition, fees have been waived pursuant to Section 1006.1, and the Zoning Administrator has determined that all other aspects of the project are Code-complying.

- **Section 1006.7 – Appeals of a Certificate of Appropriateness**

This section has been renumbered from 1006.8 to 1006.7. The HPC has proposed modifying this section such that decisions on Certificates of Appropriateness may be appealed to the Board of Appeals rather than the Board of Supervisors. In cases that include Conditional Use Authorizations or approval by the Board of Supervisors, the decision may be appealed to the Board of Supervisors, which may modify the decision by a majority vote.

- **Section 1014 – Applicability**

As revised by the HPC, while a designation is pending and under consideration, no permit may be approved for up to 180 days for landmark sites and up to 1 year for historic districts. The HPC or the Board of Supervisors may further extend this time period for an additional 180 days. However, work may be approved on such sites with pending designations, provided a Certificate of Appropriateness is granted for the work.

Supervisor Wiener has proposed an amendment to the changes recommended by the HPC, which would prohibit work on sites with pending designations for 180 days for both proposed landmark sites and historic districts, rather than up to one year for historic districts. His amendments would allow the HPC and Board of Supervisors to extend this period for up to 90 days and the Board of Supervisors only to allow for a final additional 90-day extension.

- **Section 1111.7 – Standards and Requirements for Review of Applications for Demolition**

The existing Article 11 outlines a higher level of review for the demolition of Significant Buildings (Categories I and II buildings within the C-3 zoning districts). However, for Contributory Buildings that have not sold TDR (Categories III and IV buildings within the C-3 zoning districts), the criteria were less stringent. Under the existing Article 11 if a Contributory Building has sold its TDR, it is reviewed with the same criteria as if it were a Significant Building (since the property owner has already received a financial gain through the sale of their TDR).

The HPC has proposed modifications that would change the criteria for evaluation of permits to demolish. For Significant Buildings (Categories I and II) and for Contributory Buildings

(Categories III and IV) that have sold their TDR, the HPC may approve the demolition provided it makes findings that the property retains no substantial market or reasonable use, or if an imminent safety hazard has been identified with demolition as the only feasible means to secure public safety. For Contributory Buildings (Categories III and IV) from which no TDR has been transferred, a demolition may be approved using the same findings as those listed above, or findings that because of the physical condition of the structure, rehabilitation and reuse will not meet the goals and objectives of the project, that the replacement building is compatible with the district in which the structure is located, and that specific economic, social, and other benefits of the replacement building outweigh the benefit conferred through the historic preservation of the structure. Finally, for any Category V (Not Rated) building within a conservation district, demolition may be approved if the building has not gained historic significance since the time of its rating and that the proposed replacement building is compatible with the district.

ENVIRONMENTAL REVIEW

The proposed amendment is considered a non-physical activity not subject to CEQA review under Section 15060(c)(2) of the CEQA Guidelines.

RECOMMENDATION

The Department recommends two modifications to the proposed Ordinance as amended by Supervisor Wiener. The first is substantive, while the second is typographical.

Compliance with the Secretary of the Interior's Standards and Guidelines for the Treatment of Historic Properties. Supervisor Wiener has added language in Section 1006.6 of Article 10 (Pages 29-30 of the Draft Ordinance for Article 10) and to Section 1111.6 (Pages 35-36 of the Draft Ordinance for Article 11) that would strike the language added by the HPC that calls for proposed work being evaluated for Certificates of Appropriateness to comply with the Secretary of the Interior's *Standards and Guidelines for the Treatment of Historic Properties* (the *Standards*). The Supervisor has replaced the language with a requirement that the *Standards*, as interpreted for San Francisco, be considered. The Department recommends that compliance with the Secretary of the Interior's Standards be retained. The Department will present revised language for discussion at the January 18, 2012 hearing for discussion.

Typographical Errors. Language add to Section 1111 on Page 29 of the Draft Ordinance that reads, "Residential projects where 80% or more of the units are designated for household with an income of 150% or less than the area median income shall be exempt from the requirements of Section 1111" is redundant, and has been moved to subsection (g) on Page 28. The language on Page 28 of Section 1111(g) should refer to Section 1111(g), and not to Section 1006.6, which is in Article 10.

In sum, the Department recommends that the Commission recommend *approval with modifications* of the proposed Ordinance with amendments by Supervisor Wiener and adopt the attached Draft Resolution to that effect.

Dear Chair Chiu and Members of the Board:

Save the Laguna Street Campus (StLSC) is concerned that the potential adverse impacts of Supervisor Wiener's proposed amendments to Articles 10 and 11 of the Planning Code (Amendments) on historical resources have not been adequately analyzed under the National Environmental Policy Act (NEPA) and the California Environmental Policy Act (CEQA).

The State Historic Preservation Officer (SHPO) has not reviewed the April 24, 2012 version of the proposed Amendments. The City participates in the National Park Service's Certified Local Government (CLG) Program through a Programmatic Agreement (PA) for U.S. Department of Housing and Development (HUD)-assisted undertakings that delegates most federal review responsibilities back to the City. The City's CLG Certificate of Agreement requires it to obtain the approval of the SHPO prior to adoption of the proposed Amendments.

Decisions regarding the proposed Amendments could affect the City's CLG status and the continuation of the PA which could affect the City's ability to receive and expend HUD monies on affordable housing and community development projects thereby potentially causing indirect adverse physical impacts on the environment subject to analysis under NEPA and CEQA.

The proposed Amendments would require the Planning Commission to approve local interpretations of the Secretary of the Interior's Standards (Standards). As a CLG, the City has committed to best practices in the field of historic preservation which include the adoption and implementation of Standards. The rehabilitation standards are broad and flexible-to make their use optional would effectively eliminate their use. The SHPO has recommended maintaining compliance with the Standards and considering the preparation of design guidelines for particular neighborhoods or property types.

The SHPO also raised concerns regarding the Planning Commission's making specific findings about historic district nominations that address the consistency of the proposed designation with the Regional Housing Needs Allocation, Sustainable Communities Strategy and the provision for housing near transit corridors. The provisions in the General Plan that address housing appear to carry more weight than historic preservation, a policy which seems inconsistent with the State requirement that all elements of the General Plan have equal legal status-no one element takes precedence.

The proposed Amendments would "exempt" residential projects within historic districts receiving a direct financial contribution of funding from local, state or federal sources for the purpose of providing subsidized for-sale or rental housing. For example, the adaptive reuse of the San Francisco State Teacher's College National Register Historic District (District) - 55 Laguna Mixed Use Project (Project) is presently undergoing environmental review under NEPA. The Project will construct approximately 450 rental housing units with

federal and other funds. Design alternatives have been proposed that would eliminate the need to demolish two of the five contributory buildings to the District. Under the proposed Amendments, the Project would not be subject to the same standards for the review of applications for Certificates of Appropriateness as non-publicly financed housing projects. This "double standard" unnecessarily provides less protection for publicly funded housing projects causing indirect adverse physical impacts on historical resources subject to analysis under NEPA and CEQA. Further, the proposed Amendments substitute an entirely new definition for "affordable housing" that has not been considered by the Historic Preservation Commission (HPC) or the Planning Commission and does not require a showing of economic hardship.

We urge you to 1) eliminate the requirement for the Planning Department to develop, and the Planning Commission to adopt, "local interpretations" of the Standards; 2) delete the proposed "exemption" from preservation requirements for affordable housing projects; 3) remove proposed new limitations on the authority of the HPC to review proposed alterations in historic districts and conservation districts; 4) eliminate the requirement for a written vote of owners before the Board of Supervisors can take action on proposed historic districts; 5) allow members of the public to nominate landmarks and historic districts for consideration; and 6) delete the proposed "exemption" from review for streets and sidewalks. We strongly encourage you to solicit comments on the finally-revised Amendments from the SHPO, and ensure they have been adequately reviewed under NEPA and CEQA, prior to adoption.

Sincerely,

Cynthia Servetnick, Director

Dear Chair Chiu and Members of the Board:

Subject: Concerning Articles 10 and 11 on Today's Agenda, 4-30-12

Dear Supervisors:

With respect to your consideration of changes to Articles 10 and 11 of the Planning Code, we support the HPC-approved version, as set forth by SF Heritage.

The version before you places unnecessary and inappropriate obstacles to protection and disenfranchises occupants compared with owners in considering a proposed historic district. Those who do not own property are people and citizens, too (although some owners are not citizens or even residents of the City) and their voices should be considered equally.

Would you allow only property owners to receive library cards and use library facilities? We certainly hope not. And the library's slogan, "Free and Equal Access..." is a good guide for other things in the City, such as noted above.

The main concerns of SF Heritage are summarized below, and we ask you to follow these recommendations.

Thank you.

Sincerely yours,

Peter Warfield

SF Heritage's key concerns:

with regard to Articles 10 & 11:

- Eliminate the requirement for a written vote before the BOS can take action on proposed historic districts;
- Require the Board of Supervisors to consider the views of both owners and occupants within a proposed historic district;
- Delete the proposed exemption for affordable housing projects until it can be further studied;
- Eliminate the requirement for the Planning Commission to approve local interpretations of the Secretary of the Interior's Standards adopted by the HPC.

Dear Mr. Frye:

RE: PROPOSED AMENDMENTS TO ARTICLES 10 AND 11 OF THE PLANNING CODE

Thank you for forwarding the proposed amendments to Articles 10 and 11 of the Planning Code pursuant to your Certified Local Government Agreement.

I have had the opportunity to review Article 10 (updates through March 30) and Article 11 (updated through March 22). Based on that review and on our meeting with Supervisor Scott Wiener, Historic Preservation Commission President Charles Chase, and the Planning Department February 16, 2012, I believe the content of the amendments is consistent with the Certified Local Government program.

If you have additional comments or questions, please do not hesitate to contact Lucinda Woodward, Supervisor of the Local Government Program, at (916) 445-7028 or at lwoodward@parks.ca.gov.

Dear Supervisors:

I agree with the below two positions sent to you via e-mail by the San Francisco Preservation Consortium and CSFN Land Use and Housing Committee. I also urge the Land Use Committee to continue the hearing on changes to Articles 10 and 11 of the Planning Code, and in the alternative to make these four changes to the proposed legislation:

1. Eliminate the requirement for a written vote before the BOS can take action on proposed historic districts;
2. Require the BOS to consider the views of both owners and occupants within a proposed historic district;
3. Delete the proposed exemption from preservation requirements for affordable housing projects until it can be further studied;
4. Eliminate the requirement for the Planning Commission to approve local interpretations of the Secretary of the Interior's Standards adopted by the HPC.

Dear Chair Mar, Vice Chair Cohen and Supervisor Wiener:

On behalf of the San Francisco Preservation Consortium (Consortium), a grassroots education and advocacy group comprised of individuals and member organizations, we are concerned that Supervisor Wiener's proposed amendments to Articles 10 and 11 of the Planning Code (Amendments) unnecessarily water-down our existing historic preservation laws.

The Amendments would potentially exempt subsidized housing projects in designated historic districts from preservation requirements and may not be consistent with the Programmatic Agreement by and amongst the City and County of San Francisco, the California State Historic Preservation Officer, and the Advisory Council on Historic Preservation. The Amendments could jeopardize the City's Certified Local Government status and adversely impact the development of affordable housing using Federal monies. We encourage the City to solicit comments on the Amendments from the State Office of Historic Preservation before forwarding them to the full Board of Supervisors (BOS) for adoption.

We urge you to make the following revisions to the Amendments, as recommended by the Historic Preservation Commission (HPC): 1) Eliminate the requirement for a written vote before the BOS can take action on proposed historic districts; 2) Require the BOS to consider the views of both owners and occupants within a proposed historic district; 3) Delete the proposed exemption from preservation requirements for affordable housing projects until it

can be further studied; and 4) Eliminate the requirement for the Planning Commission to approve local interpretations of the Secretary of the Interior's Standards adopted by the HPC. Additional unresolved issues are outlined in the below-linked chart.

With the passage of Proposition J in November 2008, San Franciscans expressed their desire to elevate the role of historic preservation in the City's planning processes. Approved by 57 percent of voters, the measure called for a comprehensive overhaul of our preservation program. The preservation community has advocated for incorporating best practices and national standards into the Amendments since early 2009. Let's make sure we get this right for the benefit of our collective cultural heritage. Please continue Items 5 and 6 on today's agenda until the substantive issues raised herein are resolved.

Yours truly,

Stewart Morton, Acting Chair

The San Francisco Preservation Consortium is a nonprofit organization that works in partnership with neighborhood groups and other organizations to advocate for effective land use legislation and responsible historic architectural preservation practice in accordance with accepted professional standards to ensure that, as they continue to evolve, the city and its neighborhoods retain their historic character.

Dear Chair Mar, Vice Chair Cohen and Supervisor Wiener:

**Re: Amendments to Article 10 (Landmarks Preservation) and Article 11
(Historic Preservation in C-3 Districts), BOS File Nos. 120300 & 120301**

Dear Chair Mar, Vice Chair Cohen and Supervisor Wiener:

On behalf of San Francisco Architectural Heritage (Heritage), thank you for the opportunity to comment on proposed amendments to Articles 10 and 11 introduced by Supervisor Scott Wiener. The proposed legislation is the culmination of months of public hearings and negotiations, with significant compromises made on all sides. Despite this progress, Heritage believes that further refinements are necessary to conform Articles 10 and 11 to the HPC's recommendations, City Charter Section 4.135 and the City's Certified Local Government responsibilities.¹ As explained in detail below, we urge the Land Use Committee to consider the following targeted revisions:

- 1) **Section 1004.2:** Delete the requirement for the Planning Commission to comment on the consistency of any proposed historic district with "the provision of housing to meet the City's Regional Housing Needs Allocation," "the provision of housing near transit corridors," and "the Sustainable Communities Strategy for the Bay Area."
- 2) **Sections 1004.3 and 1107(e):** Eliminate the requirement for a written vote before the Board of Supervisors can take action on proposed historic districts and conservation districts. Require the Board of Supervisors to consider the views of both owners and occupants when taking action on proposed districts.
- 3) **Section 1006.6(h):** Delete the proposed exemption for affordable housing projects until its potential scope and adverse impacts can be studied.
- 4) **Sections 1006.6(b) and 1111.6(b):** Eliminate the requirement for the Planning Commission to approve local interpretations of the *Secretary of the Interior's Standards* adopted by the HPC.

A detailed explanation of the need for each of these revisions follows:

¹ Certified Local Government status enables the City to apply for federal grants, formally comment on National Register nominations, and administer Section 106 review under the National Historic Preservation Act, including streamlined review authority for federally-funded affordable housing projects involving historic resources.

SECTION 1004.2. For historic district nominations, the proposed legislation would require the Planning Commission to make findings that “(i) address the consistency of the proposed designation with the policies embodied in the General Plan and the priority policies of Section 101.1, particularly the provision of housing to meet the City’s Regional Housing Needs Allocation, and the provision of housing near transit corridors; (ii) identify any amendments to the General Plan necessary to facilitate adoption of the proposed designation; and (iii) evaluate whether the district would conflict with the Sustainable Communities Strategy for the Bay Area.”

- **HERITAGE POSITION:** The proposed language improperly elevates the Regional Housing Needs Allocation, Sustainable Communities Strategy, and “the provision of housing near transit corridors” over other General Plan policies, including Priority Policy 7 (stating “that landmarks and historic buildings be preserved”). As previously noted by State Historic Preservation Officer Milford Wayne Donaldson:

Several things about this proposal are disturbing: 1) the assumption that historic preservation and housing needs are mutually exclusive; 2) that provisions in the General Plan that address housing appear to carry more weight than historic preservation, a policy which seems inconsistent with the State requirement that all elements of the General Plan have equal legal status; no one element takes precedence over any other; and 3) that historic preservation is singled out and treated differently than other land use policies.²

There has been no justification provided for the proposed amendment and no analysis by the Planning Department of the potential adverse impacts on historic resources. Heritage opposes the amended language because it singles out proposed historic districts for disparate treatment. Indeed, no other zoning changes are subject to such rigorous review against vague regional planning goals.

SECTIONS 1004.3 and 1107(e). Before the Board of Supervisors can vote on a proposed historic district, these amendments would require the Planning Department to “invite all property owners in the proposed district area to express their opinion in writing on the proposed designation be it in the form of a vote or a survey.” Citing prohibitive costs and the administrative burden, the HPC deleted the requirement to conduct a written vote at its hearing on February 1, 2012. The current legislation reinstates the written vote requirement for owners and occupants, but would only require the Board of Supervisors to consider the votes of owners.

- **HERITAGE POSITION:** Heritage has consistently opposed any amendments that would impose unique procedural hurdles on the designation of historic districts. Heritage joins the HPC in opposing the requirement for a vote in writing as no other zoning changes are subject to this requirement. This voting requirement would impose a significant and unnecessary procedural hurdle on any new proposed historic district. The BOS should be required to consider the views of owners *and* occupants within a proposed historic district.

² Letter from Milford Wayne Donaldson, FAIA, State Historic Preservation Officer, to President Christina Olague, San Francisco Planning Commission, December 7, 2011.

SECTION 1006.6(h). This new subsection would potentially exempt “residential projects within historic districts receiving a direct financial contribution for funding from local, state, or federal sources for the purpose of providing a subsidized for-sale or rental housing.” The original version of the affordable housing exemption was stricken by the HPC and Planning Commission; neither commission has reviewed the new substitute language in the current legislation. The HPC questioned the need to exempt “affordable housing” projects in historic districts—approximately 1 percent of all parcels in the city—and recommended that this issue be studied as part of an independent process. The HPC’s concerns were echoed by members of the Planning Commission, with Commissioner Antonini stating, “I’m concerned that if...because of the affordable component, the standards are lessened to a significant degree it defeats the purpose of what we’re trying to do in the first place.”³

- **HERITAGE POSITION:** Heritage joins the HPC in recommending that the proposed affordable housing exemption be deleted until its potential scope and impacts can be studied.⁴ The exemption could have potentially far-reaching impacts in the city’s existing 11 historic districts, especially when applied in conjunction with Section 1004.2’s prioritization of regional housing goals over other General Plan policies. Moreover, the proposed exemption from Certificate of Appropriateness review seemingly conflicts with the City’s delegated Section 106 review authority for federally-funded affordable housing projects: The Programmatic Agreement between the City and County of San Francisco, the California State Historic Preservation Officer, and the federal Advisory Council on Historic Preservation requires the City to assure compliance with the *Secretary of the Interior’s Standards* for all projects using HUD funding.⁵

SECTIONS 1006.6(b) and 1111.6(b): The language approved by the HPC and Planning Commission mandates compliance with the *Secretary of the Interior’s Standards* “as well as any applicable guidelines, local interpretations, bulletins, or other policies.” Against the advice of the HPC, the current legislation would require both the HPC and the Planning Commission to approve local interpretations of the *Secretary’s Standards*.

- **HERITAGE POSITION:** Because the City Charter (Section 4.135) and the City’s Certified Local Government status reserve authority to the HPC to interpret the *Secretary’s Standards*, the Planning Commission should not be required to approve local interpretations thereof. In addition, alternative language should be added to provide that the HPC may develop “district-by-district” design guidelines meeting the *Secretary’s Standards* adopted by the HPC, with comments by the Planning Commission. The unique

⁴ “The HPC feels that substantive topics, such as language that addresses economic hardship ...merit additional research and further discussion prior to adoption.” Letter from Charles Chase, President, Historic Preservation Commission, to Supervisor Scott Wiener, December 1, 2011.

character of each district must be taken into consideration.

ARTICLES 10 & 11

Current Status of Amendments Proposed by Supervisor Wiener which remain unacceptable and need to be resolved

Land Use and Economic Development Committee
Board of Supervisors, April 30, 2012, 1:00 pm

4/30/12

Received in Committee

Section(s)	Proposed Amendment	Historic Preservation Commission Position	Preservation Position
1004.1	Historic district nominations: The current version deletes prior language allowing members of the public to nominate landmarks and historic districts. Only property owners and the Planning Department can nominate properties for listing.	Was included in the HPC version of Article 10 that was formally approved on 10/26/11.	Urge the Supervisors to add this back: Add back prior language in Section 1004.1 to allow members of the public to nominate landmarks and historic districts for consideration by the HPC. This discourages participation by members of the public in participating in the protection of the City's important historic resources.
1004.2(c) 1107(d)	Planning Commission required review of Historic Districts and Conservation Districts: Supervisor Wiener's proposal requires the Planning Commission to comment on the consistency of any proposed historic district with "the provision of housing to meet the City's Regional Housing Needs Allocation," "the provision of housing near transit corridors," and "the Sustainable Communities Strategy for the Bay Area."	The HPC did not include this provision in the version of Article 10 formally approved on 10/26/11.	Oppose: The proposed amendment singles out historic districts for disparate treatment. No other zoning changes are subject to rigorous review against vague regional planning goals. Although the City Charter authorizes the Planning Commission to comment on any aspect of a proposed historic district, the proposed language improperly elevates the Regional Housing Needs Allocation, Sustainable Communities Strategy and "the provision of housing near transit corridors" over other General Plan policies and the priority planning policies.
1004.3, 1107(e)	Majority owner support for Historic Districts & Conservation Districts: Supervisor Wiener's proposal requires the Planning Department to conduct a written vote or survey of all owners and occupants in a proposed historic district (Art. 10) or conservation district (Art. 11) and requires the Board of Supervisors to consider the only the votes of property owners when acting on the district.	The HPC opposed these requirements proposed by Supervisor Wiener. Citing prohibitive costs and the administrative burden, the HPC rejected this proposal and deleted the requirement to conduct a written vote or survey.	Oppose: Support the HPC and Heritage in opposing the requirement for a survey or vote in writing. <ul style="list-style-type: none"> • No other zoning changes are subject to this requirement. • This voting requirement would impose a significant procedural hurdle on any new proposed historic/conservation district. • The BOS should be required to consider the views of owners and occupants within a proposed historic/ conservation district.
1005(e)(4) 1110(a)	Exempting streets and sidewalks from protection: Supervisor Wiener's proposal would exempt all sidewalks and streets in historic districts from protection, unless specifically called out as character-defining features in the designating ordinance.	The HPC did not include this provision in the version of Article 10 formally approved on 10/26/11.	Oppose: Join with Heritage in opposing the exemption of streets and sidewalks from protection without first analyzing the potential adverse impacts on the integrity of the historic district.

1006.6(h)	<p>Exemption provisions: Supervisor Wiener's proposal inserts new language as Section 1006.6(h), which would exempt "residential projects within historic districts receiving a direct financial contribution for funding from local, state, or federal sources for the purpose of providing a subsidized for-sale or rental housing unit."</p>	<p>The HPC opposed the provisions proposed by Supervisor Wiener on a 6-0 vote. Questioning the need to exempt "affordable housing" projects in historic districts, the HPC recommended that this issue be studied in a separate process. The HPC stated that it "would encourage further study to better understand the housing shortage that Supervisor Wiener is referring to, as well as the most appropriate solution." The Planning Commission did not include this language in the version it approved on 2/2/12.</p>	<p>Oppose: Support the HPC and Heritage in opposing the proposed exemption for residential projects in Section 1006.6(h). The current legislation substitutes an entirely new definition for "affordable housing" that has not been considered by the HPC or the Planning Commission and does not require a showing of economic hardship.</p>
1006.6(b), 1111.6 (b)	<p>"Local interpretations" of the Secretary of the Interior's Standards: Supervisor Wiener's proposal requires that the development of local interpretations and guidelines shall be led by the Planning Department and shall be adopted by both the HPC and the Planning Commission, and further that if either body fails to act within 180 days, its failure to act is deemed approval.</p>	<p>The language approved by the HPC and Planning Commission mandates compliance with the Secretary's Standards "as well as any applicable guidelines, local interpretations, bulletins, or other policies," however, the HPC specifically <u>opposed any requirement for the Planning Commission to approve any such local interpretations or guidelines and rejected the language regarding failure to act.</u></p>	<p>Oppose: Alternative language should be added provide that the HPC may develop "district-by-district" design guidelines meeting the Secretary's Standards to be adopted by the HPC, with comments by the Planning Commission. The unique character of each district must be taken into consideration.</p> <ul style="list-style-type: none"> • Because the City Charter (Section 4.135) and the City's Certified Local Government status reserve authority to the HPC to interpret the Secretary's Standards, the Planning Commission should not be required to approve local interpretations of the Secretary's Standards.
1111.7(a)(3)	<p>Reducing protections for Category V Buildings proposed for demolition. Supervisor Wiener has added language to reduce the timeframe allowed for the HPC to review for reclassification any Category V Building that has been proposed for demolition.</p>	<p>The HPC opposed the addition of provision.</p>	<p>Oppose: Support the HPC in opposing this provision. Section 1111.7(a)(3) provides that when a Category V (Unrated) Building is proposed for demolition, the HPC may consider whether it has gained significance such that it should be reclassified as a more significant building entitled to protections. Supervisor Wiener's proposal would limit the time for the Planning Department and HPC to conduct the study and reclassify the structure.</p>
1111.7(b)	<p>Reducing protections for Contributory Buildings proposed for demolition. Supervisor Wiener has added language to provide, as to Contributory Buildings from which no TDR have been transferred, that the cumulative impact on the District of its demolition can only be considered if the demolition would <u>substantially diminish</u> the district's integrity.</p>	<p>The HPC opposed the addition of provision and specifically struck it.</p>	<p>Oppose: Support the HPC in opposing this provision which weakens existing preservation protections that have been law for over 25 years. The voters of San Francisco approved Proposition J in 2008 to strengthen preservation protections.</p>

PROPOSED AMENDMENTS TO ARTICLE 10

#1 – Add back language approved by the HPC allowing members of the public to submit nominations for landmarks and historic districts to the HPC on page 11 (at line 5).

SEC. 1004.1. NOMINATION AND INITIATION OF LANDMARK AND HISTORIC DISTRICT DESIGNATION.

(a) Nomination. The Department, or properly owner(s), or member(s) of the public may request that the HPC initiate designation of a landmark site or historic district. A nomination for initiation shall be in the form prescribed by the HPC and shall contain supporting historic, architectural, and/or cultural documentation, as well as any additional information the HPC may require. The HPC shall hold a hearing to consider the nomination no later than 45 days from the receipt of the nomination request.

#2 -- Delete the following language from Section 1004.2(c) beginning on page 13 (at line 24) through page 14 (at line 6), as shown in strikethrough below:

(c) Referral of Proposed Designation. If the HPC recommends approval of a landmark designation, it shall send its recommendation to the Board of Supervisors, without referral to the Planning Commission. If the HPC recommends approval of a historic district designation, it shall refer its recommendation to the Planning Commission, which shall have 45 days to review and comment on the proposed designation, which comments, if any, shall be sent by the Department to the Board of Supervisors with the HPC's recommendation. The Planning Commission's comments shall be transmitted to the Board of Supervisors as a resolution and shall (i)

~~address the consistency of the proposed designation with the policies embodied in the General Plan and the priority policies of Section 101.1, particularly the provision of housing to meet the City's Regional Housing Needs Allocation, and the provision of housing near transit corridors; (ii) identify any amendments to the General Plan necessary to facilitate adoption of the proposed designation; and (iii) evaluate whether the district would conflict with the Sustainable Communities Strategy for the Bay Area. If the HPC disapproves designation of a landmark or historic district, that decision shall be final and shall not require referral unless appealed as set forth below.~~

#3 -- Delete the following language from Section 1004.3 on page 14. (at line 6 and at lines 20 through 22, as shown in strikethrough below (Note: HPC voted to support this change by 4-2 vote):

~~SEC. 1004.4 1004.3. DESIGNATION BY BOARD OF SUPERVISORS.~~

~~The Board of Supervisors shall hold a public hearing on any proposal so transmitted to it, after due notice to the owners of the property included in the proposal, and such other notice as the *said* Board may deem necessary. The Board of Supervisors may approve, ~~or~~ modify and approve, or disapprove the designation by a majority vote of all its members. Prior to the Board of Supervisors' vote on a proposed historic district, the Planning Department shall conduct thorough outreach to affected property owners and occupants. The Planning Department shall invite all property owners and occupants in the proposed district area to express their opinion in writing on the proposed designation, be it in the form of a vote or a survey. Such invitation shall advise owners of the practical consequences of the adoption of the district, including the availability of preservation incentives, the types of work requiring~~

a Certificate of Appropriateness, the process and fees for obtaining a Certificate of Appropriateness, and the types of work that is generally ineligible to receive a Certificate of Appropriateness. ~~The Department's goal shall be to obtain the participation of at least half of all property owners in the proposed district. The property owners' vote shall be considered by the Board of Supervisors when taking action on the proposed district.~~

#4 – Delete proposed new Section 1005(e)(4) on page 18 (at lines 15 through 18), which would exempt streets and sidewalks from protection:

~~(4) When the application is for a permit to maintain, repair, rehabilitate, or improve streets and sidewalks, including sidewalk widening, accessibility, and bulb-outs, unless such streets and sidewalks have been explicitly called out in a landmark's or district's designating ordinance as character defining features of the landmark or district.~~

#5 – Make the following additions and deletions in Section 1006.6(b) on page 29 (at lines 11 through 19):

(b) The proposed work shall comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties for individual landmarks and contributors within historic districts, as well as any applicable guidelines, local interpretations, bulletins, or other policies. The HPC may develop district-by-district design guidelines that meet the Secretary's Standards to be adopted by the HPC, with comments by the Planning Commission. ~~Development of local interpretations and guidelines based on the Secretary of the Interior's Standards shall be led by the Planning Department, through a public participation process, such local interpretations and guidelines shall be found to be in conformance with~~

~~the General Plan and Planning Code by the Planning Commission, and shall be adopted by both the HPC and the Planning Commission. If either body fails to act on any such local interpretation or guideline within 180 days of either body's initial hearing where the matter was considered for approval, such failure to act shall constitute approval by that body. In the case of any apparent inconsistency among the requirements of this Section, compliance with the requirements of the Designating Ordinance shall prevail.~~

#6 – Keep proposed new Section 1006.6(g) that constitutes a true hardship provision, but delete the proposed new Section 1006.6(h) on pages 31 (beginning at line 1) through line 4 on page 32, which exempts a potentially large class of projects HPC review given to it by the Charter.

~~———— (h) ——— For applications pertaining to residential projects within historic districts that are receiving a direct financial contribution or funding from local, state, or federal sources for the purpose of providing a subsidized for sale or rental housing unit, the HPC shall exempt such applications from the requirements of Section 1006.6 provided that:~~

~~———— (1) ——— The scope of the work does not constitute a demolition pursuant to Section 1005(f);~~

~~———— (2) ——— The applicant and the Department have demonstrated that the project utilizes materials, construction techniques, and regulations, such as the California Historic Building Code, to best achieve the goal of protecting the integrity of the district;~~

~~———— (3) ——— The applicant has demonstrated that the project has considered all local, state, and federal rehabilitation incentives and taken advantage of those~~

incentives as part of the project when possible and practical; and

~~(4) The HPC has confirmed that all requirements listed herein have been met, and has determined, pursuant to Section 1006.4 of this Code, that issuance of a Certificate of Appropriateness that fully or partially waives the requirements of Section 1006.6 will not be detrimental to the integrity of the district and furthers the City's housing goals.~~

PROPOSED AMENDMENTS TO ARTICLE 11

#1 -- Delete the following language from Section 1107(d) on page 17 (lines 9 through 15), as shown in strikethrough below:

~~(d) Review by the Planning Commission. Following action by the HPC, the Department shall promptly refer the HPC's recommendation on the proposed Conservation District designation or boundary change to the Planning Commission, which shall have 45 days to review and comment on the proposed designation or boundary change. The Planning Commission's comments, if any, shall be forwarded to the Board of Supervisors together with the HPC's recommendation. Notice of the Planning Commission hearing shall be given as provided in Section 1107(b) of this Article.~~

The Planning Commission's comments shall be transmitted to the Board of Supervisors as a resolution and shall ~~(1)~~ address the consistency of the proposed boundary change with the policies embodied in the General Plan and the priority policies of Section 101.1, particularly the provision of housing to meet the City's Regional Housing Needs Allocation, and the provision of housing near transit corridors; ~~(2)~~ identify any amendments to the General Plan necessary to

facilitate adoption of the proposed boundary change; and (3) evaluate whether the proposed boundary change would conflict with the Sustainable Communities Strategy for the Bay Area.

#2 -- Delete the following language from Section 1107(e) on page 17 (at lines 23 and 25) and on page 18 (at lines 3 and 4), as shown in strikethrough below (Note: HPC voted to support this change by 4-2 vote):

(e) Designation by Board of Supervisors. The Board of Supervisors, or a committee thereof, shall hold a public hearing on any proposal so transmitted to it. The Board of Supervisors may approve, modify and approve, or disapprove the designation or boundary change by a majority vote of all its members.

Prior to the Board of Supervisors' vote on a proposed boundary change, the Planning Department shall conduct thorough outreach to affected property, owners and occupants. The Planning Department shall invite all property owners and occupants in the area covered by the proposed boundary change to express their opinion in writing on the proposed boundary change, be it in the form of a vote or a survey, with the goal of obtaining the participation of at least half of all property owners in the area. Such invitation shall advise owners of the practical consequences of the adoption of the proposed boundary change, including the availability of preservation incentives, the types of work requiring a Permit to Alter, the process and fees for obtaining a Permit to Alter, and the types of work that is generally ineligible to receive a Permit to Alter. The property owners' vote shall be considered by the Board of Supervisors when taking action on the proposed boundary change.

#3 -- Delete the last sentence of Section 1110(a) on page 22 (lines 6 through 10), which would exempt streets and sidewalks from protection:

(a) No person shall carry out or cause to be carried out any construction, alteration, removal or demolition of a structure or any work involving a sign, awning, marquee, canopy, mural, or other appendage, or any new or replacement construction for which a permit is required pursuant to the Building Code, on any designated Significant or Contributory Building or any building in a Conservation District unless a permit for such work has been approved pursuant to the provisions of this Article 11.

Notwithstanding the foregoing, when the application is for a permit to maintain, repair, rehabilitate, or improve streets and sidewalks, including sidewalk widening, accessibility, and bulb-outs, the Planning Department shall process the permit without further reference to this Article 11 unless such streets and sidewalks have been explicitly called out in a landmark's or district's designating ordinance as character defining features of the district.

#4 – Make the following addition and deletion to Section 1111.6(b) on page 33 (lines 24 and 25) and page 34 (lines 1 through 5):

(b) The proposed work shall comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties for individual landmarks and contributors within historic districts, as well as any applicable guidelines, local interpretations, bulletins, or other policies. The HPC may develop district-by-district design guidelines that meet the Secretary's Standards to be adopted by the HPC, with comments by the Planning Commission. Development of local interpretations and guidelines based on the Secretary of the Interior's Standards shall be led by the Planning Department, through a public participation process;

~~such local interpretations and guidelines shall be found to be in conformance with the General Plan and Planning Code by the Planning Commission, and shall be adopted by both the HPC and the Planning Commission. If either body fails to act on any such local interpretation or guideline within 180 days of either body's initial hearing where the matter was considered for approval, such failure to act shall constitute approval by that body. In the case of any apparent inconsistency among the requirements of this Section, compliance with the requirements of the Designating Ordinance shall prevail.~~

#5 -- Delete the following sentence from Section 1111.7(a)(3) on page 38 (lines 21-23):

~~“Any determination that a Category V Building may be eligible for reclassification shall be void if, within 180 days of such determination, the Board of Supervisors has not re-designated the building to a Category I, II, of IV Building.”~~

#6 -- Delete the following phrase at the end of Section 1111.7(b) on page 39 (lines 1-2):

~~“...if it is found that the demolition would substantially diminish the Integrity of the Conservation District.”~~
