15 project (Class 8; Acquisition of urban open space & Class 4 (b) - Creation of new parks) and
16 therefore categorically exempt from environmental review under CEQA; and

17 WHEREAS, The Recreation and Park Commission has recommended approval of the

Item 7 File 13-0341	Department: Recreation and Park Department Real Estate Division
--------------------------------------	--

EXECUTIVE SUMMARY**Legislative Objective**

- The proposed resolution would approve the Purchase Agreement between Noe Valley Town Ministry PCUSA (Ministry) and the City and County of San Francisco on behalf of the Recreation and Park Department for the purchase of the surface parking lot at 3861 24th Street to convert into a park.

Key Points

- The Recreation and Park Department (RPD) determined that the proposed property was eligible for acquisition because it meets all three of RPD's Acquisition Policy goals. Ms. Holly Pearson, a Planner with the Recreation and Park Department Property who manages property acquisitions, explained that RPD staff decided to move forward with the acquisition of the proposed property at this time as opposed to the other eligible properties (see Attachment) because (1) there is an opportunity to receive grant funding for the park's development; (2) there is community support and fundraising efforts for the park's development; and (3) the Ministry would like to sell the property at this time and is interested in selling it to the City.
- A third-party environmental consulting firm, Northgate Environmental Management, Inc. (Northgate), conducted an environmental site assessment of the property, which was previously used as a gas station, and found a presence of residual petroleum hydrocarbons in the soil that must be removed prior to developing a park. The estimated environmental remediation costs are \$228,340. Northgate recommended including a 50% contingency as the full extent of the site's soil contamination has not yet been determined, for a total cost of \$342,510.
- There are several technical amendments to that resolution that are being recommended.

Fiscal Impact

- The purchase price for the proposed property is \$4,242,510, or approximately \$392 per square foot which is \$87,490 or 2% less than the appraised value of \$4,330,000. Open Space Acquisition Funds will be used to pay for the purchase of the property.
- The Noe Valley Ministry and City agreed that, as an alternative to the Ministry conducting the necessary environmental remediation work, the City would conduct the work instead and the Ministry would credit the City for this work against the purchase price in the amount of \$342,510. If the proposed property is acquired, Ms. Pearson advised that the estimated cost to develop the site into a park is \$1,660,754. If additional park amenities are constructed, such as a restroom and other park elements, estimated development costs increase by \$683,113 to \$2,343,866.
- According to Ms. Pearson, based on preliminary design plans, RPD estimates that the total first year maintenance costs to maintain the developed park with a restroom would be \$67,543, which includes one part-time Custodian and one part-time Apprentice Gardener.

Policy Considerations

- As of the writing of this report, none of the ten properties on the RPD Acquisition Roster, including the proposed property at 3861 24th Street, meet the criteria of being located in high needs areas. According to Ms. Pearson, staff is currently working on other potential property acquisitions in the India Basin, South of Market/Tenderloin, and Russian Hill neighborhoods and hope to complete acquisitions in these areas over the next two to three years. Ms. Pearson noted that RPD staff is working to more proactively identify potential sites for acquisition in high needs areas. For example, RPD staff are currently working to identify potential new park sites in District 6 (Tenderloin and South of Market), much of which is designated as a high needs area, and plan to identify one or more sites in District 6 to add to the RPD Acquisition Roster in the next few months.
- Acquisition of the subject property would result in additional development costs and ongoing maintenance costs to the City for which funding has not been fully secured. Potential sources for development of the park have been identified such as a grant from the State of California Urban Greening Grant program and pledges collected by the Residents for Noe Valley Town Square; however, such funding has not been confirmed as of writing this report. Ongoing maintenance costs of the park would pay for from RPD's operating budget, which would require either additional General Fund appropriation in the annual budget or re-allocation of existing resources.
- The final cost to the city for the environmental remediation work is not known as of the writing of this report. The City has been provided a third party estimate of \$342,510 that includes a 50% contingency; however, the final remediation costs will not be known until the remediation work is completed.

Recommendations

- Amend the proposed resolution to change the square footage of the proposed property from 10,289 square feet to 10,829 square feet to reflect the correct square footage of the property
- Amend the proposed resolution to specify that the funding for the proposed property would come from the Open Space Acquisition Fund and not the Park, Recreation and Open Space Fund.
- Amend the proposed resolution to specify that the Board of Supervisors should urge appropriate funding for maintenance of the proposed acquisition property at 3861 24th Street, instead of "any newly acquired park facilities".
- Approval of the proposed resolution, as amended, is a policy decision for the Board of Supervisors.

MANDATE STATEMENT

In accordance with Administrative Code Section 23.1, all resolutions and ordinances involving sales, leases, acceptances, and other real estate transactions must be conducted through the Director of Real Estate and approved by the Board of Supervisors.

In accordance with Administrative Code Section 23.4, the Director of Real Estate cannot accept deeds or other instruments granting real property to the City without Board of Supervisors approval.

According to City Charter Section 16.107 (b), the City must set aside from the annual property tax levy an amount equivalent to two and one-half cents (\$0.025) for each one hundred dollars (\$100) assessed property valuation which is to be deposited into the Park, Recreation and Open Space Fund. Charter Section 16.107(f)(3) states that an allocation of not less than 5% of the monies to be deposited in the Fund shall be dedicated to the acquisition of real property.

BACKGROUND

The Noe Valley Ministry PCUSA (Ministry), a California Corporation and non-profit organization, owns 10,829 square feet (.25 acre) of property at 3861 24th Street in Noe Valley. The property is located in the 24th Street neighborhood commercial corridor and is currently operated by the Ministry as an asphalt-paved pay parking lot with a parking attendant and a public seating area facing the street. The property is also used for operating the weekly Saturday morning Noe Valley Farmer's Market which has operated on the site for approximately ten years. In 2010, the Ministry announced their plans to sell the property in order to fund renovations to the Church.

According to Ms. Holly Pearson, Recreation and Park Department Planner, who manages property acquisitions, over the past three years Noe Valley community members have shown significant interest in converting the parking lot into a park and requested that the Recreation and Park Department (RPD) consider acquiring this property. Supporters of the project have created a non-profit organization, the Residents for Noe Valley Town Square who have fundraised to help provide money to develop the park.

On January 8, 2013, the members of the Park, Recreation and Open Space Advisory Committee (PROSAC) voted in support of acquiring the property at 3861 24th Street. On April 18, 2013 the Recreation and Park Commission voted to recommend that the Board of Supervisors approve the proposed Agreement for the Purchase of Real Property ("Purchase Agreement") between Noe Valley Ministry and the City and County of San Francisco at 3861 24th Street.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would (a) approve the Purchase Agreement between Noe Valley Ministry PCUSA (Ministry) and the City and County of San Francisco on behalf of RPD for the purchase of the 10,829 square feet of land located at 3861 24th Street (Assessor's Block 6509, Lot 040) to convert into a park in the neighborhood of Noe Valley, for a purchase price of \$4,242,510 and authorizes staff to take all actions necessary to acquire the proposed property pursuant to the Purchase Agreement; (b) adopt findings that the acquisition is consistent with the

City's General Plan and Eight Priority Policies of City Planning Code Section 101.1 and is categorically exempt from the California Environmental Quality Act (CEQA); (c) authorize the Director of Property to work with the Director of Public Works to remediate the property from environmental health hazards; (d) urge that appropriate funding be provided to the RPD during the budget process to staff and service any newly acquired park facilities; (e) authorize the Director of Property to enter into any amendments to the Purchase Agreement that do not increase the obligations of the City; and (f) accept the deed to the property from the Noe Valley Ministry PCUSA pursuant to the Purchase Agreement, place the Property under the jurisdiction of RPD and take all steps necessary to purchase the property in accordance with the Purchase Agreement.

RPD's Acquisition Policy and Process

According to Ms. Pearson, anyone can recommend a potential property for acquisition to RPD staff for consideration; however, in practice, most properties are recommended by community members or RPD staff members who are familiar with the RPD park system and potentially available properties. After a property is recommended for consideration, RPD staff assesses the property based on the property's ability to meet the three policy goals set forth in RPD's Acquisition Policy:

- (1) Serve high needs areas and areas where there is a deficiency in open space;¹
- (2) Identify funding for the purchase, development and ongoing maintenance; and
- (3) Encourage a variety of potential recreational and open space uses.

After the property is assessed, RPD staff decides whether to add the property to the RPD Acquisition Roster which is shown in the Attachment to this report. The RPD Acquisition Roster contains the list of sites that RPD staff is actively considering acquiring and is used to track the details and status of properties as well as to compare the properties' relative characteristics and strengths. Once RPD staff adds a property to the Acquisition Roster, the Park, Recreation and Open Space Advisory Committee (PROSAC) may support its addition to the Acquisition Roster or recommend removing it.²

According to Ms. Pearson, inclusion on the RPD Acquisition Roster does not necessarily mean that a property will be acquired. There are a number of factors in addition to meeting the Acquisition Policy goals that determine whether and when a property may be acquired, including (a) the willingness of the owner to sell at a fair market price; (b) support by local neighborhood residents or other stakeholders; and (c) the availability of outside funding sources to assist with paying for the acquisition, development and maintenance of the property for park purposes.

¹ High needs area are areas with (1) a high population density; (2) a large percentage of children and/or seniors (3) areas where households are categorized as low-income; (4) and areas within an Area Plan pursuant to the City's General Plan.

² PROSAC is a citizen's advisory committee that advises and provides feedback to RPD on a number of issues including capital planning and property acquisition. It is composed of 23 members with one member appointed by each Supervisor from their supervisorial district and one member appointed by each Supervisor from a list of individuals nominated by organizations having a primary focus in park, environmental, recreational, cultural, sports, youth or senior citizen issues for a total of 22 members appointed by the Board of Supervisors and one member appointed by the Mayor.

According to the RPD General Manager in his April 18, 2013 memorandum to the Recreation and Park Commission, the proposed property at 3861 24th Street meets all three of RPD's Acquisition Policy goals:

- (1) It is located in an area of the City that is not within ¼ mile walking distance to a playground and is therefore located within a distribution deficiency gap as defined in the City's General Plan;
- (2) Outside funding has been leveraged by the community for development and possibly for maintenance; and
- (3) It would accommodate both passive and active recreation.

Although there are currently nine other properties on the Acquisition Roster (shown in the Attachment) that meet several or all of the Acquisition Policy goals, Ms. Pearson explained that RPD staff decided to move forward with the acquisition of 3861 24th Street as a result of three main factors which are further discussed below.

- (1) The opportunity to apply for and receive grant funding for the park's development;
- (2) A high level of community support and success in raising funds to contribute to the park's development; and
- (3) The property owner's desire and urgency to sell at this time, and specifically their interest in selling the property to the City.

Additional Agreement Details

According to the Purchase Agreement between the Ministry and the City, the City will be responsible for environmental remediation as there is still a presence of residual petroleum hydrocarbons in the soil from when the site was operated as a gas station prior to the Ministry's ownership. The Ministry and the City have agreed to a reduction to the purchase price of the property in a form of a credit to the City for \$342,510 to perform anticipated remediation to the property as discussed further below.

In the General Plan Referral Letter dated February 25, 2013, the Director of Planning determined that the proposed acquisition and future improvements to convert the property into a park conformed to the General Plan and found that the proposed acquisition was categorically exempt pursuant to the California Environmental Quality Act. Once the development plans for the proposed park are finalized, RPD will have to submit to the San Francisco Planning Department another Environmental Review Application for the project.

The proposed Purchase Agreement would also indemnify the City from all liabilities resulting from any prior occupants' relocation which includes tenants who rent parking spaces on a monthly basis, the Goodwill mobile donation station, and any food trucks or vendors that have occasionally operated on the property. Ms. Pearson noted if the Board of Supervisors approves the proposed resolution, RPD plans to enter into an agreement with the Noe Valley Farmer's Market to continue the Market's weekly operations.

Square Footage Error

Due to an administrative error the resolution states that the proposed property is 10,289 square feet; however, the actual square footage of the property is 10,829. The Budget and Legislative Analyst recommends amending the resolution to reflect the accurate square footage consisting of 10,829 square feet.

FISCAL IMPACT

On April 17, 2013, the 10,829 square-foot property located at 3861 24th Street was appraised by a third-party appraiser, Mr. Lawrence Mansbach of Mansbach Associates, Inc., who was retained by the City's Division of Real Estate. The property was appraised at approximately \$4,330,000 based on an average price of \$400 per square foot.

Pursuant to the proposed Purchase Agreement, Noe Valley Ministry has agreed to sell the property to the City for \$4,242,510, or approximately \$392 per square foot, as shown in Table 1 below, which is \$87,490 or 2% less than the appraised value.

Environmental Remediation

As part of the acquisition process, a third-party environmental consulting firm retained by RPD, Northgate Environmental Management, Inc. (Northgate), conducted an environmental site assessment for the property and found a presence of residual petroleum hydrocarbons in the soil that must be removed before it could be developed into a park.

The Noe Valley Ministry (Ministry) and City agreed that, as an alternative to the Ministry conducting the necessary environmental remediation work, the City would conduct the work instead and the Ministry would reimburse the City back for this work as a credit against the purchase price in the amount of \$342,510, as explained below.

Northgate estimated that the remediation costs for the proposed park would be \$228,340 and recommended including an additional 50% contingency since the full extent of the site's soil contamination has not yet been determined, for a total credit of \$342,510, which represents the total estimated remediation costs. The \$342,510 is included in the \$4,244,010 acquisition cost shown in Table 1 above.

³ According to Mr. John Updike, Director of Real Estate, this is an estimate based on similar valued transaction as closing statements are provided by the title company a week before closing. Mr. Updike noted 90% of the \$1,500 is title insurance cost which is based on the value of the transaction.

Northgate's environmental site assessment was submitted to the San Francisco Department of Public Health (DPH), who reviewed and concurred with Northgate's assessment of the remediation work that had to be conducted. Six weeks prior to remediation work, RPD must submit a Site Mitigation Plan that describes how the site mitigation will be implemented. According to Mr. Scott Nakamura, DPH Program Manager for the Site Assessment and Mitigation Program, the final cost of the remediation is not known until the remediation work is completed.

RPD plans to pay for the remediation costs from the Open Space Acquisition Fund, which according to Mr. Charles Sullivan, Deputy City Attorney, is a qualified acquisition-related expense and can be paid for by using Open Space Acquisition Fund monies.

If the environmental remediation costs exceed the \$342,510 credit, RPD staff must return to the Recreation and Park Commission and Board of Supervisors for appropriation approval of additional funds.

Open Space Acquisition Fund

According to the proposed resolution, the acquisition of the subject property, including the remediation costs, would be funded with monies from the Park, Recreation and Open Space Fund ("Open Space Fund") which, pursuant to Charter Section 16.107, receives an annual property tax set aside equal to two and one-half cents (\$.025) for each one hundred dollars (\$100) in assessed property value.

Monies from the Open Space Fund are used to provide enhanced park and recreational services and facilities. City Charter Section 16.107 (f)(3) mandates that an allocation of no less than 5% of the monies deposited into the Open Space Fund must be dedicated to property acquisitions for conversion into park and open space. The RPD separates the 5% allocation into the Open Space Acquisition Fund.

According to Mr. Katharine Petrucione, RPD's Director of Administration and Finance, funding for the proposed property would come from the Open Space Acquisition Fund and not from the Open Space Fund as stated in the proposed resolution. Additionally, the resolution states that the Recreation and Park Commission recommended approval for the purchase and remediation of the proposed property using Open Space Funds at their April 18, 2013 meeting; however, the Recreation and Park Commission actually recommended that the property should be paid for from the Open Space Acquisition Fund. Therefore, the resolution should be amended to reflect the correct source of funding.

As of the writing this report, the balance in the Open Space Acquisition Fund is \$11,283,684. If the proposed property is acquired for \$4,244,010 (see Table 2 below), the remaining Open Space Acquisition Fund balance would be \$7,039,674 as of June 30, 2013.

Development Costs

If the proposed property is acquired, Ms. Pearson advised that the estimated cost to develop the site into a park is \$1,660,754, as shown in Table 3 below. If additional park amenities are constructed, such as a restroom and other amenities as shown in Table 3, the estimated development costs increase by \$683,113 to \$2,343,867.

Figure 1 below is one of four concept design plans developed for the proposed park by CMG, a landscape architecture firm, in collaboration with the Residents for Noe Valley Town Square and the community. According to Ms. Pearson, RPD has not yet approved or endorsed a development plan for the property as the project is still in the preliminary stages of planning;

⁴ RPD staff expect to receive an additional allotment of \$2,028,000 deposit in FY 2013-14 as part of the annual tax-set aside which would increase the Open Space Acquisition Fund balance to approximately \$9,067,674 if the proposed property is acquired.

however, Ms. Pearson noted that the concept designs created through the community's outreach process are generally consistent with what the City would like to develop at the site

Figure 1
Proposed Development Plan for 3861 24th Street

CONCEPT PLAN

A portion of the development costs for the property are proposed to be paid by the Residents for Noe Valley Town Square who have secured pledges of \$484,000 as of writing this report, or approximately 20.6% of the property's preliminary estimation of the development costs of \$2,343,867 including potential additional park amenities. According to Todd David, Residents for Noe Valley Town Square Board Member, pledges will begin to be collected once it is certain that the City will purchase the property. Mr. David further noted that the organization plans to raise additional funds for the proposed park's development.

RPD has also submitted a preliminary grant application to the State for a California Urban Greening Grant for \$720,000 to partially fund the park development costs. According to Ms. Toni Moran, the Grants Manager for RPD's Capital and Planning Division, the proposed park development is a competitive project for this grant because 1) the park is located in area that has less than .19 acres of open space per 1,000 residents; 2) the grant's program goal to reduce climate change impacts by slowing down storm water and adding carbon sequestering trees and planting in urban areas is consistent with the proposed project design; 3) the project was initiated

by the community and has pledges of funding for development; and 4) the farmers' market which operates on the site is considered an additional public benefit.

Ms. Pearson advised that if RPD is not awarded the Urban Greening Grant funding, RPD will look to other external grant funding sources (state, federal, private foundation, etc.) as well as City grant programs such as the Community Opportunity Fund (part of the 2012 Clean & Safe Neighborhood Parks Bond) or the Community Challenge Grant program.

Maintenance Costs

According to Ms. Pearson, based on preliminary design plans, RPD estimates that the total first year maintenance costs to maintain the developed park, including a restroom, would be \$67,543, which includes one part-time Custodian and one part-time Apprentice Gardener.⁵

Approval of the proposed resolution would urge that appropriate funding be provided to RPD through the budget process to adequately maintain any newly acquired park facilities. If additional resources are not provided for maintenance of the proposed park through the budget process, then existing RPD staff would be responsible for maintaining the property.

Because the subject of the proposed resolution is specifically for the acquisition of property at 3861 24th Street, the proposed resolution should be amended to "urge appropriate funding to staff and service" this specific property located on 3861 24th Street instead of "any newly acquired park facilities."

POLICY CONSIDERATION

RPD Plans to Acquire Properties in Addition to 3861 24th Street

The proposed property acquisition of 3861 24th Street is to be paid for with funds from the Open Space Acquisition Fund. The Open Space Acquisition Fund currently has a balance of \$11,283,684 as shown in Table 2 above. This balance would be reduced to \$7,039,674 upon acquisition of the property.

RPD staff is currently working on other potential property acquisitions in the India Basin, South of Market/Tenderloin, and Russian Hill neighborhoods and hope to complete acquisitions in these areas over the next two to three years. According to Ms. Pearson, development impact fees may partially fund acquisition of these properties, but it is likely that these future acquisitions will require monies from the Open Space Acquisition Fund.

As shown in Attachment I, RPD lists two criteria as "most desirable" when considering acquiring a property: (1) located within or serves a high needs area; and (2) located within a distribution deficiency gap.

None of the ten properties on the RPD Acquisition Roster, including the proposed property at 3861 24th Street, meet the criteria of being located in high needs areas⁶. According to Ms.

⁵ Staff needs are based on the frequency of landscape maintenance tasks and grounds maintenance task, the size of the property and the park facilities. Estimates for the developed park include 0.70 FTE Custodian and 0.30 FTE Apprentice Gardener and includes benefits.

Pearson, this is because RPD's acquisition process is highly community-driven and in most cases, properties that are included on the RPD Acquisition Roster are recommended by community members; therefore, the RPD Acquisition Roster reflects the areas of the City where residents have requested that RPD consider a particular property. Ms. Pearson noted that RPD staff is working to more proactively identify potential sites for acquisition in high needs areas. For example, RPD staff are currently working to identify potential new park sites in District 6 (Tenderloin and South of Market), much of which is designated as a high needs area, and plan to identify one or more sites in District 6 to add to the RPD Acquisition Roster in the next few months.

Six of the ten properties, including the subject 3861 24th Street, meet the criteria of being located within a distribution deficiency gap area. As noted above, 3861 24th Street is located in an area of the City that is not within ¼ mile walking distance to a playground and is therefore located within a distribution deficiency gap as defined in the City's General Plan.

The Proposed Property Acquisition Creates New and Ongoing Costs to the City

The Final Cost to the City for the Environmental Remediation Work Are Not Known as of the Writing of This Report

Acquisition of the subject property would result in additional development costs and ongoing maintenance costs to the City for which funding has not been fully secured. The total cost to the City to purchase the property would be \$4,244,010, including the environmental remediation costs, which will be paid with funds from the Open Space Acquisition Fund. The Ministry would credit the City back in an amount of \$342,510 for the estimated remediation costs. As noted above, the estimated remediation costs of \$342,510 include a 50% contingency, since the full extent of the site's soil contamination has not yet been determined, and the final remediation costs will not be known until the remediation work is completed.

As shown in Table 3 above, the development costs to convert the property into a park are estimated to be \$2,343,866 for base improvements and potential additional park amenities. Potential funding sources for development of the park include a grant from the State of California Urban Greening Grant program and \$484,000 in pledges to the Residents for Noe Valley Town Square. However, such funding has not been confirmed as of writing this report. Ongoing maintenance costs of the park after it is developed would cost approximately \$67,543 for the first year and would be paid for from RPD's operating budget, which would require either an additional General Fund appropriation in the annual budget or re-allocation of existing resources.

⁶ As noted above, a high needs area is defined as an area with (1) a high population density; (2) a large percentage of children and/or seniors (3) areas where households are categorized as low-income; (4) and areas within an Area Plan pursuant to the City's General Plan.

RECOMMENDATIONS

1. Amend the proposed resolution to change the square footage of the proposed property from 10,289 square feet to 10,829 square feet to reflect the correct square footage of the property
2. Amend the proposed resolution to specify that the funding for the proposed property would come from the Open Space Acquisition Fund and not the Park, Recreation and Open Space Fund.
3. Amend the proposed resolution to specify that the Board of Supervisors should urge appropriate funding for maintenance of the proposed acquisition property at 3861 24th Street, instead of "any newly acquired park facilities".
4. Approval of the proposed resolution, as amended, is a policy decision for the Board of Supervisors.

Policy 4.7 discusses the importance of providing open spaces adjacent to or within commercial districts. The location of the property along the 24th Street Commercial Corridor is thus in accordance with this policy.

RECREATION AND OPEN SPACE ELEMENT (Update 2009, Pending final approval)

Numerous policies in the 2009 update to the Recreation and Open Space element are aligned with the proposed park at 3861 24th Street. These range from policies that relate to the proposed design and program of the space as well as its impact and context within larger urban systems like the park system and transportation systems.

Objective 1 (Policies 1.1, 1.2, 1.5, 1.9, 1.11) all support the project. The design encourages dynamic activation and flexible programming of the space (policy 1.1), by incorporating artwork and other recreational facilities that provide community benefits (Policies 1.5, 1.11). Like the legacy version it will replace, the 2009 Draft Recreation and Open Space Element also identifies Noe Valley as a high needs area prioritized for future open space development (Policy 1.2—see graphic below).

URBAN DESIGN ELEMENT

The Urban Design Element makes numerous references to both the salubrious and community-building effects that well designed open spaces have on neighborhoods. It also makes numerous references to the deleterious effects that parking has on neighborhoods.

For example the introduction of the urban design element includes a discussion on the value of open space to neighborhoods.

...Another element of good neighborhoods is the presence of open space and recreation opportunities. The most satisfying recreation space is close by and visible, with a feeling of nature and a variety of facilities for all age groups. Such recreation space may be found on private properties, in neighborhood parks, along the sidewalks and in undeveloped street areas...

...Freedom from the clutter of open parking lots, large signs and overhead wires can also make the difference between an agreeable living environment and one that is disquieting or even blighted.

Objective 4 of the Urban Design Element discusses the value the physical environment plays in public safety, comfort, civic pride and so on. Objective 4 lists 31 "Fundamental Principals for Neighborhood Environment" (Sic.). Of these, **Principals 3, 4, and 9** are relevant to this project. **Principals 3 and 4** discuss benefits that generous landscaping brings to the public realm, and the ability for open spaces to contribute to neighborhood identity. **Principal 9** discusses negative effects that surface parking lots such as the one the Department of Recreation and Parks intends to replace with park have on neighborhood character.

Several policies under **Objective 4** relate to the project.

Policy 4.8, calls on the City to provide "convenient access to a variety of recreation opportunities" such as parks.

Policy 4.14 which seeks to remove visual clutter from the physical environment continues the discussion on the negative effects that surface parking lots have on the public realm.

No other element in the street environment is more disrupting than exposed parking. Parking lots and open parking decks break

AGREEMENT OF PURCHASE AND SALE FOR REAL ESTATE
(Lot 040, Block 6509, San Francisco)

THIS AGREEMENT OF PURCHASE AND SALE FOR REAL ESTATE (this "Agreement") dated for reference purposes only as of May __, 2013 is by and between Noe Valley Ministry PCUSA, a California corporation ("Seller"), and the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation ("Buyer" or "City").

IN CONSIDERATION of the respective agreements contained hereinbelow, Seller and City agree as follows:

1. PURCHASE AND SALE

1.1 Property Included in Sale

Seller agrees to sell and convey to City, and City agrees to purchase from Seller, subject to the terms, covenants and conditions hereinafter set forth, the following:

(a) the real property consisting of approximately 10,829 square feet of land (per appraisal), located in the City and County of San Francisco, commonly known as 3861 Twenty-fourth Street, Lot 040, Block 6509 and more particularly described in Exhibit A attached hereto (the "Land");

(b) the improvements, which consist solely of an asphalt parking lot and one parking attendant shed located on the Land (collectively, the "Improvements");

(c) any and all rights, privileges, and easements incidental or appurtenant to the Land or Improvements, including, without limitation, any and all minerals, oil, gas and other hydrocarbon substances on and under the Land, as well as any and all development rights, air rights, water, water rights, riparian rights and water stock relating to the Land, and any and all easements, rights-of-way or other appurtenances used in connection with the beneficial use and enjoyment of the Land or Improvements, and any and all of Seller's right, title and interest in and to all roads and alleys adjoining or servicing the Land or Improvements (collectively, the "Appurtenances");

All of the items referred to in Subsections (a), (b), and (c) above are collectively referred to as the "Property."

2. PURCHASE PRICE

2.1 Purchase Price

The total purchase price for the Property is Four Million Two Hundred Forty-Two Thousand Five Hundred Ten and no/100 Dollars (\$4,242,510.00) (the "Purchase Price"), Seller and City agree, however, to a price reduction to the Purchase Price in the form of a credit in the amount of Three Hundred Forty-Two Thousand Five Hundred Ten and no/100 Dollars (\$342,510.00) (the "Remediation Credit") to be retained by the City to perform anticipated remediation of the Property and City's agreement to purchase the Property in its "AS-IS" condition as set forth in this Agreement.

2.2 Payment

On the Closing Date (as defined in Section 6.2 [Closing Date]), City shall pay the Purchase Price, adjusted pursuant to the provisions of Article 7 [Expenses and Taxes], and

reduced by any credits due City hereunder, including, without limitation, the Remediation Credit described in Section 2.1 above.

Seller acknowledges and agrees that if Seller fails at Closing to deliver to City the documents required under Subsections 6.3(b) and (c) [Seller's Delivery of Documents], City may be required to withhold a portion of the Purchase Price pursuant to Section 1445 of the United States Internal Revenue Code of 1986, as amended (the "Federal Tax Code"), or Section 18662 of the California Revenue and Taxation Code (the "State Tax Code"). Any amount properly so withheld by City shall be deemed to have been paid by City as part of the Purchase Price, and Seller's obligation to consummate the transaction contemplated herein shall not be excused or otherwise affected thereby.

2.3 Funds

All payments made by any party hereto shall be in legal tender of the United States of America, paid by Controller's warrant or in cash or by wire transfer of immediately available funds to Title Company (as defined below), as escrow agent.

3. TITLE TO THE PROPERTY

3.1 Conveyance of Title to the Property

At the Closing Seller shall convey to City, or its nominee, insurable fee simple title to the Land, the Improvements and the Appurtenances, by duly executed and acknowledged grant deed in the form attached hereto as Exhibit B (the "Deed"), subject to the Accepted Conditions of Title (as defined in Section 5.1(a) [Title Insurance]).

3.2 Title Insurance

It shall be a condition precedent to City's obligation to close the purchase of the Property that Chicago Title Company (the "Title Company") shall be irrevocably committed to issue to City a CLTA owner's policy of title insurance (the "Title Policy") in the amount of the Purchase Price, insuring fee simple title to the Land, the Appurtenances and the Improvements in City free of the liens of any and all deeds of trust, mortgages, assignments of rents, financing statements, creditors' claims, rights of tenants or other occupants, and all other exceptions, liens and encumbrances except solely for the Accepted Conditions of Title pursuant to Subsection 5.1(a) below. The Title Policy shall provide full coverage against mechanics' and materialmen's liens arising out of the construction, repair or alteration of any of the Property, and shall contain an affirmative endorsement that there are no violations of restrictive covenants, if any, affecting the Property and such special endorsements as City may reasonably request.

4. BUYER'S DUE DILIGENCE INVESTIGATIONS

4.1 Due Diligence

City has been given a full opportunity to investigate the Property, either independently or through agents of City's own choosing, including, without limitation, the opportunity to conduct such appraisals, inspections, tests, audits, verifications, inventories, investigations and other due diligence regarding the economic, physical, environmental, title and legal conditions of the Property as City deems fit, as well as the suitability of the Property for City's intended uses.

4.2 Entry

At all times prior to the Closing Date Seller shall afford City and its Agents reasonable access to the Property for the purposes of satisfying City with respect to the representations, warranties and covenants of Seller contained herein. City hereby agrees to indemnify and hold Seller harmless from any damage or injury to persons or property caused by the negligence or willful misconduct of City or its Agents during any such entries onto the Property prior to the Closing, except to the extent such damage or injury is caused by the acts or omissions of Seller or any of its Agents. In the event this Agreement is terminated for any reason other than Seller's default hereunder, City shall restore the Property to substantially the condition it was found subject to applicable laws. This indemnity shall survive the termination of this Agreement or the Closing, as applicable, provided that Seller must give notice of any claim it may have against City under such indemnity within three (3) months of such termination or the Closing Date, as applicable, if the claim involves damage to Seller's Property or any other claim not brought by a third party against the Seller.

5. CONDITIONS PRECEDENT

5.1 City's Conditions to Closing

The following are conditions precedent to City's obligation to purchase the Property (collectively, "Conditions Precedent"):

(a) City shall have reviewed and approved title to the Property, as follows:

(i) Within five (5) days after the date City and Seller execute this Agreement, Title Company shall deliver to City a current extended coverage preliminary report on the Real Property, issued by Title Company, accompanied by copies of all documents referred to in the report (collectively, the "Preliminary Report"); and

(ii) Within the period referred to in clause (i) above, Seller shall deliver to Buyer copies of any existing or proposed easements, covenants, restrictions, agreements or other documents that affect the Property, and are not disclosed by the Preliminary Report, or, if Seller knows of no such documents, a written certification of Seller to that effect.

City shall advise Seller, no later than twenty-five (25) days prior to the Closing Date, what exceptions to title, if any, City is willing to accept (the "Accepted Conditions of Title"). City's failure to so advise Seller within such period shall be deemed approval of title. Seller shall have ten (10) days after receipt of City's notice of any objections to title to give City: (A) evidence satisfactory to City of the removal of all objectionable exceptions from title or that such exceptions will be removed or cured on or before the Closing; or (B) notice that Seller elects not to cause such exceptions to be removed. If Seller gives notice under clause (B), City shall have ten (10) business days to elect to proceed with the purchase or terminate this Agreement. If City shall fail to give Seller notice of its election within such ten (10) days, City shall be deemed to have elected to terminate this Agreement. If Seller gives notice pursuant to clause (A) and fails to remove any such objectionable exceptions from title prior to the Closing Date, and City is unwilling to take title subject thereto, Seller shall be in default hereunder and City shall have the rights and remedies provided in the last paragraph of this Section 5.1.

(b) City's review and approval of the physical and environmental conditions of the Property. Such review may include an examination for the presence or absence of any Hazardous Material (as defined in Subsection 8.1(l))

(c) City's review and approval of the compliance of the Property with all applicable laws, regulations, permits and approvals.

(d) City's review and approval of (i) the following documents, all to the extent such documents exist and are either in the possession or control of Seller or may be obtained by Seller through the exercise of commercially reasonable efforts: site plans; utility contracts; maintenance contracts; employment contracts, management contracts; brokerage and leasing commission agreements which may continue after Closing; certificates of occupancy; insurance policies, and reports of insurance carriers insuring the Property and each portion thereof respecting the claims history of the Property; environmental reports, studies, surveys, tests and assessments; soils and geotechnical reports; and any other contracts or documents of significance to the Property (collectively, the "Documents"); and (ii) such other information relating to the Property that is specifically requested by City of Seller in writing no later than thirty (30) days prior to the Closing Date (collectively, the "Other Information").

(e) Seller shall not be in default in the performance of any covenant or agreement to be performed by Seller under this Agreement, and all of Seller's representations and warranties contained in or made pursuant to this Agreement shall have been true and correct when made and shall be true and correct as of the Closing Date. At the Closing Seller shall deliver to City a certificate certifying that each of Seller's representations and warranties contained in Section 8.1 [Representations and Warranties of Seller] below are true and correct as of the Closing Date.

(f) The physical condition of the Property shall be substantially the same on the Closing Date as on the date of City's execution of this Agreement, reasonable wear and tear and loss by casualty excepted (subject to the provisions of Section 9.1 [Risk of Loss]), and, as of the Closing Date, there shall be no litigation or administrative agency or other governmental proceeding, pending or threatened, which after the Closing would materially adversely affect the value of the Property or the ability of City to operate the Property for its intended use, and no proceedings shall be pending or threatened which could or would cause the change, redesignation or other modification of the zoning classification of, or of any building or environmental code requirements applicable to, any of the Property.

(g) Title Company shall be committed at the Closing to issue to City, or its nominee, (i) the Title Policy as provided in Section 3.2 [Title Insurance].

(h) After completion of all required environmental review, including, without limitation, under the California Environmental Quality Act ("CEQA"), the City's Mayor and the Board of Supervisors, in the respective sole discretion of each, shall have enacted a resolution approving, adopting and authorizing this Agreement and the transactions on or before June 15, 2013.

(i) Seller shall have delivered the items described in Section 6.3 below [Seller's Delivery of Documents] on or before the Closing.

The Conditions Precedent contained in the foregoing Subsections (a) through (i) are solely for the benefit of City. If any Condition Precedent is not satisfied, City shall have the right in its sole discretion either to waive in writing the Condition Precedent in question and proceed with the purchase or, in the alternative, terminate this Agreement, provided that the Conditions Precedent described in item h above may not be waived. The waiver of any Condition Precedent shall not relieve Seller of any liability or obligation with respect to any representation, warranty, covenant or agreement of Seller. If City shall not have approved or waived in writing all of the Conditions Precedent in items (a) through (i) by a date five (5) days prior to the Closing Date, then this Agreement shall automatically terminate. In addition, the

Closing Date may be extended by mutual agreement of City and Seller, for a reasonable period of time specified by City, to allow such Conditions Precedent to be satisfied, subject to City's further right to terminate this Agreement upon the expiration of the period of any such extension if all such Conditions Precedent have not been satisfied.

In the event the Closing does not occur on or before the Closing Date, Title Company shall, unless it is notified by both parties to the contrary within five (5) days after the Closing Date, return to the depositor thereof items which may have been deposited hereunder. - (b) a properly executed affidavit pursuant to Section 1445(b)(2) of the Federal Tax Code in the form attached hereto as Exhibit C, and on which City is entitled to rely, that Seller is not a "foreign person" within the meaning of Section 1445(f)(3) of the Federal Tax Code;
- (c) a properly executed California Franchise Tax Board Form 590 certifying that Seller is a California resident if Seller is an individual or Seller has a permanent place of business in California or is qualified to do business in California if Seller is a corporation or other evidence satisfactory to City that Seller is exempt from the withholding requirements of Section 18662 of the State Tax Code;
- (d) such resolutions, authorizations, or other partnership documents or agreements relating to Seller and its partners as City or the Title Company may reasonably require to demonstrate the authority of Seller to enter into this Agreement and consummate the transactions contemplated hereby, and such proof of the power and authority of the individuals executing any documents or other instruments on behalf of Seller to act for and bind Seller;
- (e) Seller's closing statement in form and content satisfactory to Seller; and
- (f) the duly executed certificate regarding the continued accuracy of Seller's representations and warranties as required by Subsection 5.1(e) hereof.

6.6 Other Documents

Seller and City shall each deposit such other instruments as are reasonably required by Title Company as escrow holder or otherwise required to close the escrow and consummate the

purchase of the Property in accordance with the terms hereof, including, without limitation, an agreement (the "Designation Agreement") designating Title Company as the "Reporting Person" for the transaction pursuant to Section 6045(e) of the Federal Tax Code and the regulations promulgated thereunder, and executed by Seller, City and Title Company. If any provision of this Agreement or the application thereof to any person, entity or circumstance shall be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to persons, entities or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each other provision of this Agreement shall be valid and be enforceable to the fullest extent permitted by law, except to the extent that enforcement of this Agreement without the invalidated provision would be unreasonable or inequitable under all the circumstances or would frustrate a fundamental purpose of this Agreement.

11.19 Agreement Not to Market Prior to Effective Date

Seller agrees that unless and until this Agreement terminates pursuant to its terms, Seller shall not negotiate with any other parties pertaining to the sale of the Property and shall not market the Property to third parties.

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, SELLER ACKNOWLEDGES AND AGREES THAT NO OFFICER OR EMPLOYEE OF CITY HAS AUTHORITY TO COMMIT CITY TO THIS AGREEMENT UNLESS AND UNTIL APPROPRIATE LEGISLATION OF CITY'S BOARD OF SUPERVISORS SHALL HAVE BEEN DULY ENACTED APPROVING THIS AGREEMENT AND AUTHORIZING THE TRANSACTIONS CONTEMPLATED HEREBY. THEREFORE, ANY OBLIGATIONS OR LIABILITIES OF CITY HEREUNDER ARE CONTINGENT UPON THE DUE ENACTMENT OF SUCH LEGISLATION, AND THIS AGREEMENT SHALL BE NULL AND VOID IF CITY'S BOARD OF SUPERVISORS AND MAYOR DO NOT APPROVE THIS AGREEMENT, IN THEIR RESPECTIVE SOLE DISCRETION. APPROVAL OF ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY BY ANY DEPARTMENT, COMMISSION OR AGENCY OF CITY SHALL NOT BE DEEMED TO IMPLY THAT SUCH LEGISLATION WILL BE ENACTED NOR WILL ANY SUCH APPROVAL CREATE ANY BINDING OBLIGATIONS ON CITY.

Subject: letter in support of Noe Valley Town Square

Dear Supervisor Wiener,

I would like to express my support for the Legislation you authored and introduced to the Board of Supervisors on April 16th that calls for the City of San Francisco to purchase the parking lot at 3861 24th Street and convert it into permanent open space.

The extraordinary efforts community members have taken (in what I consider a short period of time) to preserve this space is a testament to how badly it is needed and wanted. That citizens would take so much time out from their incredibly busy lives speaks volumes. I believe these efforts should be rewarded and serve as an inspiration to others to work and fight for what they believe is best for their communities. They are role models for all the children of Noe Valley from the very young to teenagers (we have two of our own - one in high school and one in college). Some critics have said that we already have enough open space that serves the same purpose. Would my neighbors honestly devote so much time, effort and money to this cause if that were true. The Town Square will be a destination where toddlers will have a permanent play area, teenagers will be able to hang out, and the elderly will be able to recreate as they please - a true meeting place for the spectrum of San Franciscans. And of course making this area a permanent open space will guarantee the longevity of our beloved Saturday Farmers Market, a weekly community gathering place where neighbors, visitors from across the City, and tourists mingle and purchase fresh food, and engage in lively discussions. Creating a permanent space for the farmers market is great for Noe Valley and the City.

In addition, the creation of the Noe Valley Town Square is an amazing opportunity for Noe Valley as well as a model for other neighborhoods that will empower them to create permanent open spaces throughout the City. In conclusion, I would like to encourage the Budget and Finance Committee on May 22, 2013 to recommend your legislation to be passed by the full Board of Supervisors on June 4th, 2013.

Thank you for authoring this important legislation.

Sincerely,

Subject: Support for Noe Valley Town Square

Dear Supervisor Wiener,

I am a resident of Noe Valley and have lived there more than 25 years. I am also a neighborhood activist -- I have demonstrated in front of Real Foods, invested in Cover-toCover to extend its life, and serve on the board of the Noe Valley Farmers Market. We have met briefly a few times.

I want you to know I enthusiastically support the Legislation you authored and introduced to the Board of Supervisors on April 16th that calls for the City of San Francisco to purchase the parking lot at 3861 24th Street and convert it into permanent open space. The Noe Valley Town Square is an amazing opportunity for Noe Valley as well as a model for other neighborhoods that will empower them to create permanent open spaces throughout the City.

Our Saturday Noe Valley Farmers Market held at this location has evolved into a weekly community gathering place where neighbors, visitors from across the City, as well as tourist mingle and purchase fresh food, and engage in lively discussions. I know you've been there and can see what an incredible gathering place it is on Saturdays. People come from Noe Valley and surrounding neighborhoods such as Mission, Diamond Heights, Excelsior, Portola, Castro, Glen Park, and Bernal.

Now we can extend this fabulous one-day gathering place into a permanent gathering place -- for NV residents and nearby neighborhoods. As a gathering place, it will be able to serve families with younger kids with a play area and growing things -- there is no nearby playground -- and with teenagers as a safe place to hang out (near happy donuts!, a current teenage space). Adults of all ages will have a place to relax and enjoy each others' company. The square will be used for all sorts of community activities such as performances, exercise, and meetings. It's going to be wonderful! And as you know, a huge number of people have made three-year financial pledges to build out the space.

Needless to say, with the permanent town square, we will be able to keep the farmers market at a great central location. There is no other central place in the neighborhood for a farmers market. The best possibility is James Lick middle school, which is not centrally located or on a commonly walked thoroughfare.

In conclusion, I would like to encourage the Budget and Finance Committee on May 22, 2013 to recommend your legislation to be passed by the full Board of Supervisors on June 4th, 2013.

Thank you for authoring this important legislation and representing Noe Valley.

Sincerely,

Regina

I support the Legislation you authored and introduced to the Board of Supervisors on April 16, 2013 that calls for the City of San Francisco to purchase of 3861 24th Street and convert it into permanent open space.

This open space, The Noe Valley Town Square, will be a great addition to the quality of life in the Noe Valley neighborhood. It also will be a model for other neighborhoods to create permanent open spaces throughout the City.

The success of the Saturday Farmers Market at the site plus the planned addition of a Tuesday Farmer's market will contribute to the ongoing funds for maintenance of the area. The Saturday Farmer's market is already a place where neighbors gather to exchange news and discuss neighborhood issues in addition to buying great food. Having the space available throughout the week will allow the community to have a true commons to meet and enjoy each other.

Hello,

I am writing on behalf of James Lick Middle School to ask that you support the creation of the Noe Valley Town Square.

The Noe Valley Farmers Market, which with this purchase will be able to remain at this location a a key feature of the Town Square, has been a very valuable addition to our community...and the market organizers have helped to integrate James Lick into the Noe Valley community. The Farmers Market organizers, who have also been central to the Town Square campaign, were the prime movers in providing James Lick with its first organic garden, and inspired and helped shape the transformation of one of our seventh-grade science classes into a class focusing on gardening and on the maintenance of our own garden, and on the subject of food policy and healthy food in general. Although we have not gotten there yet, we look forward to the day when our students may be able to participate in the market, selling items grown in our own garden that the market helped to make it happen. The Farmers Market organizers have been strong supporters of public education in Noe Valley, and have sought to connect the Noe Valley community with the very diverse student body at our public middle school.

In addition, if the Town Square is approved, the Square will provide an invaluable, free, and healthy space for our middle school students to go after school, and will thus be of real benefit to our school that draws so many students from neighborhoods other than Noe Valley. Thus the Square will be of benefit to young people from throughout the city during the week and on Saturdays when the Market is up and running.

The Town Square is a good proposal that will truly benefit James Lick and the neighborhood as a whole.

Thank you for your consideration.

Sincerely,
Bita Nazarian

Dear Supervisor Wiener,

Thank you so much for all of the help that you have given to our community in support of the purchase of the parking lot at 3861 24th Street. I would like to send my support of the legislation that you authored and introduced to the Board of Supervisors on April 16th that calls for the City of SF to buy the property and convert it to open space for the community.

My neighbors and I are very excited that the small lot can be kept as open space for all who live or visit 24th Street to enjoy. Our successful Farmer's Market has shown the vibrancy that can be created when we establish communal spaces in our community.

San Francisco is blessed to have it's many neighborhoods with a slightly different flavor in each. They thrive with the help of city government when open space and transit are provided and supported.

I would like to encourage the Budget and Finance Committee on May 22, 2013 to recommend your legislation to be passed by the full Board of Supervisors on June 4th, 2013.

Thank you for authoring this important legislation.

Dear Supervisor Wiener,

I would like to express my support for the Legislation you authored and introduced to the Board of Supervisors on April 16th that calls for the City of San Francisco to purchase the parking lot at 3861 24th Street and convert it into permanent open space.

The creation of the Noe Valley Town Square is an amazing opportunity for Noe Valley as well as a model for other neighborhoods that will empower them to create permanent open spaces throughout the City.

The Saturday Noe Valley Farmers Market held at this location has evolved into a weekly community gathering place where neighbors, visitors from across the City, as well as tourists mingle and purchase fresh food, and engage in lively discussions. Creating a permanent space for the farmers market is great for Noe Valley and the City.

Dear Supervisor Weiner,

As a Noe Valley resident, I am writing in support of the legislation for the City to purchase the lot at 3861 24th Street and convert it into an open space. I have lived in Noe Valley for 8 years and have been going to the Saturday Farmers Market almost every week for that whole time. I have loved buying fresh, delicious food; listening to the music; and running into friends and neighbors. I was saddened to hear of the Noe Valley Ministry's need to sell the lot to fund its own renovations, and when I heard that there was an effort to purchase the lot and turn it into a Town Square, I immediately pledged money in support. Thank you for introducing the legislation, and I am writing to encourage the Budget and Finance Committee to recommend the legislation on May 22nd and for the entire Board of Supervisors to pass the legislation on June 4.

Dear Supervisor Wiener,

I am writing to express support for the Legislation you authored and introduced to the Board of Supervisors on April 16th that calls for the City of San Francisco to purchase the parking lot at 3861 24th Street and convert it into permanent open space.

The creation of the Noe Valley Town Square is an amazing opportunity for Noe Valley as well as a model for other neighborhoods that will empower them to create permanent open spaces throughout the City.

The Town Square is a great idea that enables a wide range of the community to use an open space. The weekly Farmer's Market on that lot got its start as a community effort and continues to flourish even with the Whole Foods down the street -- and has been as much a cultural event as a market. But most of all, the fact that folks like Todd David and Chris Keene have organized so many of us to commit funds to making this happen, working with local businesses and interest groups, is testimony to the desire across the community to see this happen. I think its been a great model for grass roots activism and community building.

In conclusion, I would like to encourage the Budget and Finance Committee on May 22, 2013 to recommend your legislation to be passed by the full Board of Supervisors on June 4th, 2013.

Thank you for authoring this important legislation.

best,
Brian

Dear Supervisor Wiener,

I would like to express my support for the Legislation you authored and introduced to the Board of Supervisors on April 16th that calls for the City of San Francisco to purchase the parking lot at 3861 24th Street and convert it into permanent open space.

The creation of the Noe Valley Town Square is an amazing opportunity for Noe Valley as well as a model for other neighborhoods that will empower them to create permanent open spaces throughout the City.

The Saturday Noe Valley Farmers Market held at this location has evolved into a weekly community gathering place where neighbors, visitors from across the City, as well as tourists mingle and purchase fresh food, and engage in lively discussions. Creating a permanent space for the farmers market is great for Noe Valley and the City.

The success of the Farmers Market indicates the desire for residents to have a central meeting place on 24th Street to recreate. The Town Square will be a destination where toddlers will have a permanent play area, teenagers will be able to hang out, and the elderly will be able to recreate as they please – a true meeting place for the spectrum of San Franciscans.

In conclusion, I would like to encourage the Budget and Finance Committee on May 22, 2013 to recommend your legislation to be passed by the full Board of Supervisors on June 4th, 2013.

Dear Supervisor Wiener,

My husband and I have lived in Noe Valley for over 24 years and we greatly appreciate your efforts to designate the parking lot at 3861 24th street as open space for public use. We and many of our neighbors totally support the Legislation you authored and introduced to the Board of Supervisors on April 16th that calls for the City of San Francisco to purchase the parking lot at 3861 24th Street and convert it into permanent open space.

We are investing ourselves in its success and not only relying on the city to make this happen.
