Meeting Procedures

The Board of Supervisors is the legislative body of the City and County of San Francisco. The Board has several standing committees where ordinances and resolutions are the subject of hearings at which members of the public are urged to testify. The full Board does not hold a second public hearing on measures which have been heard in committee.

Board procedures do not permit: 1) persons in the audience to vocally express support or opposition to statements by Supervisors or by other persons testifying; 2) ringing and use of cell phones, pagers, and similar sound-producing electronic devices; 3) bringing in or displaying signs in the meeting room; and 4) standing in the meeting room.

Each member of the public will be allotted the same maximum number of minutes to speak as set by the President or Chair at the beginning of each item or public comment, excluding City representatives, except that public speakers using translation assistance will be allowed to testify for twice the amount of the public testimony time limit. If simultaneous translation services are used, speakers will be governed by the public testimony time limit applied to speakers not requesting translation assistance. Members of the public who want a document placed on the overhead for display should clearly state such and subsequently remove the document when they want the screen to return to live coverage of the meeting.

IMPORTANT INFORMATION: The public is encouraged to testify at Committee meetings. Persons unable to attend the meeting may submit to the City, by the time the proceedings begin, written comments regarding the agenda items above. These comments will be made a part of the official public record and shall be brought to the attention of the Board of Supervisors. Written communications should be submitted to the Clerk of the Board, Clerk of a Committee or its members: 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102. COMMUNICATIONS

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

(This item will be read at the Board Meeting on the second Tuesday of each month, unless rescheduled by the Mayor and the Board President. The Mayor and the Board may not discuss matters that have already been considered in Committee and that are on the Board's Agenda as an action item.

By supermajority vote of the Board of Supervisors (8 votes), the Board may, by oral motion, allow an eligible District Supervisor to ask a question that was not previously posed if the question relates to a sudden or unexpected incident or occurrence raising formal, time-sensitive policy questions that were not anticipated prior to the posting of this agenda. Public comment for this item will take place during general public comment.)

1. 120765 [Formal Policy Discussions - July 17, 2012]

Pursuant to Charter Sections 2.103 and 3.100(7), and Administrative Code Section 2.11, the Mayor shall answer the following eligible questions submitted from Supervisors representing District 1, 3, 9, 11. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed five minutes per Supervisor.

1. Statewide budget cuts to California's education system have been catastrophic. The San Francisco School District faces up to \$83.8 million in cuts over the next two years, representing a 20% overall decrease in its operating budget. Upcoming summer school offerings are nearly non-existent and class sizes will increase significantly once again next year. 210 layoff notices have been sent to our teachers. We are truly facing a crisis for families with school age children living in San Francisco. Can you tell me what steps your office is taking to help fund San Francisco public schools? (Supervisor Mar, District 1)

2. Four years ago, when I came into office, San Francisco city government had seven email systems when we should have one, three dozen data centers when we should have a handful, and dozens of contracts with the same information technology (IT) vendors when we should have master enterprise agreements. Major IT projects such as JUSTIS, e-Merge, and DBI/Planning permit tracking have been years behind schedule and millions of dollars over budget. Today, the situation has not changed much. At a time when we spend over \$200M a year on IT across dozens of decentralized departments, best practices and numerous city reports have repeatedly confirmed the need to centralize and consolidate IT spending and management. Despite our proximity to Silicon Valley, our city's IT system is stuck in the 1990s. What can we do to bring our city's information technology into the 21st century? (President Chiu, District 3)

3. At the Land Use & Economic Development Hearing on July 9, 2012, the Director of the Health Services System (HSS), Catherine Dodd, explained that California Pacific Medical Center's (CPMC) refusal to charge HSS out of network patients the same rate as HSS in network patients will undermine the competing Accountable Care Organizations (ACO) that she is trying to build. Director Dodd also explained that building the competing ACOs are one of her main strategies to control Health Care Costs for the City. What is your strategy for controlling Health Care Costs given CPMC's unwillingness to follow other San Francisco non-profit hospitals like Dignity Health and UCSF, and charge the same rate for in and out of network HSS patients? (Supervisor Campos, District 9)

4. Since the beginning of the year, the Oceanview, Merced Heights, Ingleside (OMI) neighborhoods in District 11 have experienced a spike in homicides, starting with the brutal murder of a family of five on Howth Street in March. Since that time there have been another four homicides, impacting the African American community. In addition to these murders, there have been accounts of increased violence and shootings throughout the OMI. Not since 2008 has District 11 suffered from this level of violence. In 2009, my office initiated a process to bring together residents, City agencies, youth, and local organizations to foster community development efforts. These have led to better relationships between these sometimes disparate groups, which allowed us to work cooperatively on community grant-making, community driven neighborhood beautification, youth development opportunities, and senior support services. I am interested in working with you collaboratively. What are you doing to immediately address violence in the OMI and what is your vision in the long term to develop the OMI's and especially the African American community's resilience and capacity to address these concerns? Specifically, I am interested in working with you on proposals that do not violate people's 4th Amendment rights as a stop and frisk policy will very likely to do. I will be scheduling a hearing in the Public Safety Committee to discuss the spike in homicides, and I hope that you, your public safety staff, relevant City agencies, and the Police Department will participate and offer ideas for collaborative solutions to the violence. (Supervisor Avalos, District 11)

Discussion: The Mayor shall discuss the eligible questions with the Board of Supervisors.
