Ordinance amending Chapter 31 of the San Francisco Building Code by adding Section 3102.8 to ban the installation of <u>nonapproved</u> woodburning fireplaces and similar devices in new and remodeled buildings and by prohibiting the use of certain fuels in a woodburning appliance; <u>exemptions are provided for woodburning appliances that are designed primarily for food preparation in new or existing restaurants or bakeries, and historic woodburning appliances installed in historic structures; adopting findings.</u>

Note:

This section is entirely new.

Board amendment additions are <u>double underlined</u>. Board amendment deletions are <u>strikethrough normal</u>.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 31 of the San Francisco Building Code is hereby amended by amending Section 3102.8, to read as follows:

- Sec. (a) In 1982, the State Air Resources Board (ARB) adopted a particulate matter (PM10) Ambient Air Quality Standard (AAQS). Levels for the PM10 AAQS were selected pursuant to California Code of Regulations Title 17 Section 70200 to protect the health of people who are sensitive to exposure to fine particles.
- (b) Research indicates that woodsmoke is a significant contributor to PM10 levels that pose significant health risks.
- (c) The City and County of San Francisco desires to lessen the risk to life and property from air pollution from woodburning appliances.
- (d) The City and County of San Francisco finds that the proposed regulation will significantly reduce the increases in particulate emissions from future installation and construction activities.

1	3102.8.3 Commercial installations. All woodburning appliances installed in new
2	commercial buildings or woodburning appliances being added to or replacing woodburning
3	appliances in existing commercial buildings shall comply with this Section. Commercial
4	buildings shall include, but not be limited to, hotels and restaurants.
5	3102.8.4 Gas fireplaces. Gas fireplaces shall be exempt from the requirements of this
6	Section. However, the conversion of a gas fireplace to burn wood shall constitute the
7	installation of a woodburning appliance and shall be subject to the requirements of the
8	Section.
9	3102.8.5 Additions, alterations or repairs. A woodburning appliance shall comply with this
0	Section if:
1	1. the appliance is reconstructed; or
2	2. the appliance is being replaced, additions, alterations, or repairs are made to the
3	appliance that require opening up immediately-adjacent walls; or
4	3. the residential unit or commercial building in which the appliance is located is
5	renovated and the renovation includes opening up walls within twelve inches of the appliance.
6	3102.8.6 Unauthorized appliances prohibited. No person shall install a woodburning
7	appliance that is not one of the following:
8	1. a pellet-fueled wood heater;
9	2. an EPA-certified wood heater; or
20	3. a fireplace certified by the Northern Sonoma Air Pollution Control District.
21	EXCEPTIONS: 1. Woodburning appliances that are designed primarily for food
22	preparation in new or existing restaurants or bakeries.
23	2. Historic woodburning appliances installed in historic structures, as determined
24	by the Director of the Department of Building Inspection in consultation with the
25	Director of the Department of Planning.

1	3102.8.7. Prohibited fuels. The following fuels are prohibited from use in a woodburning
2	appliance:
3	1. garbage;
4	2. treated wood;
5	3. plastic products;
6	4. rubber products;
7	5. waste petroleum products;
8	6. paints or paint solvents;
9	7.
10	8. glossy or colored paper;
11	9. particle board; or
12	10. salt water driftwood.
13	3102.8.8 Certification. Any person who plans to install a woodburning appliance must
14	submit documentation to the Director demonstrating that the appliance is a pellet-fueled wood
15	heater, a certified wood heater, or a fireplace certified by Northern Sonoma Air Pollution
16	Control District.
