Ordinance amending the San Francisco Planning Code by adding Section 102.31 to define a Mobile Food Facility, amending Section 205 and adding Section 205.4 to establish a new category of temporary uses, and amending Sections 212, 790.91, 790.93 and 890.90 to clarify that Mobile Food Facilities need not be conducted within enclosed buildings; adopting findings, including environmental findings and findings of consistency with the General Plan and Planning Code Section 101.1.

NOTE: Additions are single-underline italics Times New Roman; deletions are strike-through italics Times New Roman; Board amendment additions are double-underlined; Board amendment deletions are strikethrough normal.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The Board of Supervisors of the City and County of San Francisco hereby finds and determines that:

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Section 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 101351 and is incorporated herein by reference.

(b) Pursuant to Planning Code Section 302, this Board finds that these Planning Code amendments will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. 18217 and the Board incorporates such reasons herein by reference. A copy of Planning Commission Resolution No. 18217 is on file with the Board of Supervisors in File No. 101351.

(c) This Board finds that these Planning Code amendments are consistent with the General Plan and with the priority policies of Planning Code Section 101.1 for the reasons set forth in Planning Commission Resolution No. 18217 and the Board incorporates such reasons herein by reference.
forth in Planning Commission Resolution No. __18217____, and the Board hereby
incorporates such reasons herein by reference.

(d) Mobile Food Facilities are defined in Section 113831 of the California Health and
Safety Code as “any vehicle used in conjunction with a commissary or other permanent food
facility upon which food is sold or distributed at retail.” When such uses are located outside of
San Francisco’s public rights-of-way, permitting authority rests with the Department of Public
Health which consults the Planning Department to ensure that all such applications are
consistent with the Planning Code. Examples of Mobile Food Facilities include pushcart
vendors, trailer-based vendors, and catering trucks which sell a range of ready-to-eat food.

(e) Often termed “street-food,” the wide range of fare provided by Mobile Food
Facilities is typically offered at low or moderate prices and in many cases represents novel or
innovative cuisine. When located and operated appropriately, Mobile Food Facilities add
vitality to the street, contribute to the richness of San Francisco’s culinary and cultural
offerings, and provide economic opportunities especially for small business-persons.

(f) The Planning Code addresses land uses which are either discrete temporary uses
or fixed, non-mobile, permanent uses. No regulations yet exist for uses such as Mobile Food
Facilities which, while occasional, occur in an ongoing fashion with some routine or regularity.

(g) These ‘intermittent activities’ include outdoor uses such as Mobile Food Facilities,
farmers markets, and open-air craft markets which are neither permanent nor entirely
temporary. The 60-day-or-24-hour-limits contemplated as part of the Planning Code’s
temporary use provisions in Section 205 et. seq. do not acknowledge the enduring presence
of these intermittent uses.

(h) In most Commercial, Industrial, and Production, Distribution, and Repair Districts,
such uses can typically be permitted as permanent uses without extensive, lengthy, or
burdensome permitting requirements. However, within Neighborhood Commercial and certain
1 Mixed Use Districts, such uses – despite their limited nature – are considered permanent land
2 uses and are subject to detailed and complex permit review. This review is of the same scope
3 as that which apply to larger, permanent, “bricks-and-mortar” establishments.
4
5 (i) The nature of some Mobile Food Facilities – particularly those with an extended
6 presence at a given location - is such that they would continue to be considered permanent
7 uses. It has been suggested that portions of the Planning Code that require certain uses to be
8 conducted within enclosed buildings are ambiguous with respect to Mobile Food Facilities.

Section 2. The San Francisco Planning Code is hereby amended by adding Section 102.31 to read as follows:

SEC. 102.31. MOBILE FOOD FACILITY. A Mobile Food Facility shall be as defined in
Public Works Code Section 184.80, Mobile Food Facilities shall comply with the good neighbor
policies set forth in Public Works Code Section 184.94.

Section 3. The San Francisco Planning Code is hereby amended by amending
Sections 205 and 212 and adding Section 205.4 to read as follows:

SEC. 205. - TEMPORARY USES, GENERAL.

(a) The temporary uses listed in Sections 205.1 through 205.3, where not
otherwise permitted in the district, may be authorized as provided herein, up to the time limits
indicated. Further time for such uses may be authorized only by action upon a new
application, subject to all the requirements for the original application, unless otherwise
indicated in Sections 205.1 through 205.4.

(b) Action upon such uses shall be by the Planning Commission, subject to all the
requirements for conditional uses in Sections 303 and 306 through 306.5 of this Code; except
that uses listed in Section 205.1, uses listed in Section 205.2 if located in a PDR, C, or M
District, and uses listed in Section 205.3 within the South of Market Mixed Use Districts and

Supervisor Duffy
BOARD OF SUPERVISORS
Eastern Neighborhoods Mixed Use Districts, and uses listed in Section 205.4 may be authorized by the Zoning Administrator without a public hearing.

(c) Wherever a use exists at the effective date of this Code or of an amendment thereto under which such use is classified as a temporary use, or wherever a use is being conducted under a temporary use authorization given prior to such a date, such use may be continued for the maximum term specified therefore, calculated from said effective date or date of authorization. No such use shall continue thereafter unless a temporary use authorization shall have been sought and obtained under a new application. Continuance of a temporary use beyond the date of expiration of the period authorized therefore, or failure to remove a structure for such temporary use within 10 days thereafter, shall constitute a violation of this Code.

SEC. 205.4. - TEMPORARY USES: INTERMITTENT ACTIVITIES.

An intermittent activity is an outdoor use which, while occasional, occurs with some routine or regularity. Intermittent activities include, but are not limited to, the following uses: mobile food facilities, farmers markets, and open-air craft markets. Such uses typically require additional authorization(s) from other City Departments. An intermittent activity may be authorized as a temporary use for a period not to exceed one year within all Districts, except for RH, RM, RED and RTD Districts, so long as all of the following conditions are met:

(a) It shall not be located within a building as defined in Section 102.3 of this Code.

(b) It shall not be located on the property for more than either: (i) six (6) calendar days for longer than 12 hours per day in any seven-day period; or (ii) three (3) calendar days for longer than 24 hours per day in any seven-day period. At the time of application, the applicant shall designate in writing which of the foregoing options shall apply to the activity. No changes shall be made during the authorization period without first filing a new application.
1. The time periods referenced in Subsection (b) each constitute complete calendar days and
apply without regard to whether the activity is open to the public or whether the activity is located on
the subject property for consecutive days.

2. Days of unused authorization cannot be stored or credited, and any portion of a day that
the intermittent activity is located at the subject property shall count toward the 12-hour or the 24-hour
limit of Subsection (b).

3. This Subsection (b) shall not apply to any mobile food facility located within a Public
(P) District that together with any directly adjoining P District(s) contains more than one (1)
acre.

(c) It shall be open for business only during the hours of operation permitted as a principal use
for the District in which it is located, if any such hourly limits exist.

(d) If located in a District that is subject to any of the neighborhood notification
requirements as set forth in Section 312, notification pursuant to Section 312 shall be required as
follows:

(1) Notification shall be required if the vending space, as defined below, would exceed 225
300 square feet.

(2) Notification shall be required if any portion of the vending space would be located within
50 feet of an RH, RM, RED or RTO District. Distances to RH, RM, RED and RTO Districts shall be
measured from the extreme perimeter of any vending space to the nearest property line of any parcel
which is partially or wholly so zoned.

(3) For purposes of this Section "Vending Space" shall be defined as the entire area within a
single rectangular perimeter formed by extending lines around the extreme limits of all carts, vehicles,
tables, chairs, or other equipment associated with all intermittent activities located on the parcel.

(4) Notwithstanding Subsections (d)(1) and (2) above, and in order to eliminate redundant
notification, notification shall not be required for the resumption of an intermittent activity or the
extension of time for an intermittent activity when all of the following criteria are met: (A) an intermittent activity is currently authorized on the property or has been authorized on the property within the 12 months immediately preceding the filing of an application for resumption or extension; (B) the existing or recent intermittent activity lawfully exceeds or exceeded the thresholds of Subsections (d)(1) and/or (2), above, and was the subject of neighborhood notice under Section 312 at the time of its establishment; and (C) the intermittent activity would not further exceed the thresholds of Subsections (d)(1) and/or (2), above.

SEC. 212. - ADDITIONAL REQUIREMENTS FOR USES IN CERTAIN C AND M DISTRICTS.

In the following C and M Districts, the permitted uses indicated in Sections 215 through 227 shall be subject to the additional requirements contained in this Section 212.

(a) In C-1 and C-2 Districts, all permitted uses, and all storage, servicing, fabricating, processing or repair uses accessory thereto, shall be conducted within enclosed buildings, with the exceptions of:

(i) Those uses indicated by an asterisk (*) in the column for the district, and with the exception, also, of the following accessory uses where permitted:

(1) Accessory off-street parking and loading area areas where permitted;
(2) Accessory outdoor dining areas where permitted;
(3) Accessory recreation areas where permitted; and,
(4) Mobile Food Facilities as defined in Section 102.31.

(b) In C-1, C-3-O, C-3-R and C-3-G Districts, no permitted use shall include an establishment of the "drive-in" type, serving customers waiting in parked motor vehicles, with the exception of automobile service stations and automobile washes where permitted.

(c) In the C-3-R District, along any block frontage that is entirely within such district or partly in such district and partly in the C-3-O District, where such block frontage faces a street.

40 feet or more in width, the following requirements shall apply to assure continuity of retail and consumer service uses:

(1) Only those permitted uses listed in Sections 218 and 227 shall be located facing such street in the ground story of any building. At least ½ the total width of any new or reconstructed building, parallel to and facing such street, shall be devoted at the ground story to entrances, show windows or other displays of such uses.

(2) All other permitted uses shall be located either on stories above or below the ground story or at a distance of not less than 20 feet behind the front of the building at the ground story. No more than 1/3 the width of any lot, parallel to and facing such street, shall be devoted to entrances to such other permitted uses.

(d) No use listed as permitted in any C District or M-1 District shall include any use that is hazardous, noxious or offensive for reasons described in Section 202(c) of this Code.

(e) In C-3 Districts, all demolitions of residential buildings and all conversions to nonresidential use of residential uses above the ground floor shall be permitted only if authorized as a conditional use under Section 303 of this Code, unless the Superintendent of the Bureau of Building Inspection or the Chief of the Bureau of Fire Prevention and Public Safety determines that the building is unsafe or dangerous and that demolition is the only feasible means to secure the public safety. When considering whether to grant a conditional use permit for the demolition or conversion, in lieu of the criteria set forth in Planning Code Section 303, consideration shall be given to the adverse impact on the public health, safety and general welfare of the loss of housing stock in the district and to any unreasonable hardship to the applicant if the permit is denied.
