(b) Additional UMU Affordable Housing Requirements to the Section 415 Inclusionary Affordable Housing Program Requirements. The requirements of Section 415 through 415.9 shall apply subject to the following exceptions:

(1) For all projects sites designated as Tier A, a minimum of 18 percent of the total units constructed shall be affordable to and occupied by qualifying persons and families

Mayor Lee, Supervisors Chiu, Kim, Wiener
BOARD OF SUPERVISORS
as defined elsewhere in this Code, so that a project sponsor must construct .18 times the total number of units produced in the principal project beginning with the construction of the fifth tenth unit. If the total number of units is not a whole number, the sponsor shall round up to the nearest whole number for any portion of .5 or above.

(A) If the project sponsor is eligible for and elects pursuant to Section 415 415.5(g) to build off-site units to satisfy the requirements of this program, the sponsor shall construct 23 percent so that a sponsor must construct .23 times the total number of units produced in the principal project beginning with the construction of the fifth tenth unit. If the total number of units is not a whole number, the sponsor shall round up to the nearest whole number for any portion of .5 or above.

(B) If the project sponsor elects pursuant to Section 415.5 to pay the fee to satisfy the requirements of this program, the sponsor shall meet the requirements of Section 415 according to the number of units required above if the project applicant were to elect to meet the requirements of this Section by off-site housing development. For the purposes of this Section, the City shall calculate the fee using the direct fractional result of the total number of units multiplied by the percentage of off-site housing required, rather than rounding up the resulting figure.
(2) For all project sites designated Tier B, a minimum of 20 percent of the total units constructed shall be affordable to and occupied by qualifying persons and families as defined elsewhere in this Code, so that a project sponsor must construct .20 times the total number of units produced in the principal project beginning with the construction of the fifth tenth unit. If the total number of units is not a whole number, the sponsor shall round up to the nearest whole number for any portion of .5 or above.

(A) If the project sponsor is eligible for and elects pursuant to Section 415.5(g) to build off-site units to satisfy the requirements of this program, the sponsor shall construct 25 percent so that a sponsor must construct .25 times the total number of units produced in the principal project beginning with the construction of the fifth tenth unit. If the total number of units is not a whole number, the sponsor shall round up to the nearest whole number for any portion of .5 or above.

(B) If the project sponsor elects pursuant to Section 415.5(g) to pay the fee to satisfy the requirements of this program, the sponsor shall meet the requirements of Section 415 according to the number of units required above if the sponsor were to elect to meet the requirements of this Section by off-site housing development. For the purposes of this Section, the City shall calculate the fee using the direct fractional result of the total
number of units multiplied by the percentage of off-site housing required, rather than rounding up the resulting figure.

(3) For all project sites designated Tier C, a minimum of 22 percent of the total units constructed shall be affordable to and occupied by qualifying persons and families as defined elsewhere in this Code, so that a project sponsor must construct .22 times the total number of units produced in the principal project beginning with the construction of the fifth tenth unit. If the total number of units is not a whole number, the sponsor shall round up to the nearest whole number for any portion of .5 or above.

(A) If the project sponsor is eligible for and elects pursuant to Section 415.5(g) to build off-site units to satisfy the requirements of this program, the sponsor shall construct 27 percent so that a sponsor must construct .27 times the total number of units produced in the principal project beginning with the construction of the fifth tenth unit. If the total number of units is not a whole number, the sponsor shall round up to the nearest whole number for any portion of .5 or above.

(B) If the project sponsor elects pursuant to Section 415.5 to pay the fee to satisfy the requirements of this program, the sponsor shall meet the requirements of Section 415 according to the number of units required above if the sponsor were to elect to meet the requirements of this Section by off-site housing development. For the purposes of this
Section, the City shall calculate the fee using the direct fractional result of the total number of units multiplied by the percentage of off-site housing required, rather than rounding up the resulting figure.

(c) Timing and Payment of Fee. Any fee required by Section 419.1 et seq. shall be paid to the Development Fee Collection Unit at DBI prior to issuance of the first construction document, with an option for the project sponsor to defer payment to prior to issuance of the first certificate of occupancy upon agreeing to pay a deferral surcharge in accordance with Section 107A.13.3 of the San Francisco Building Code.

Section 5. Effective Date; Operative Date; Adoption and Implementation of Housing Trust Fund Amendment.

(a) This ordinance shall become effective 30 days from the date of passage.

(b) This ordinance shall become operative on January 4, 2013, but only if (1) the voters adopt the Housing Trust Fund and Housing Productions Incentives Charter amendment, adding Section 16.110 to the Charter, at the November 6, 2012 election, and (2) the Mayor does not terminate the amendment prior to January 1, 2013 as provided in subsection (I) of the amendment. If the voters do not adopt the amendment at that election or if the Mayor terminates the amendment, this ordinance shall become inoperative and shall have no force and effect and shall be repealed.

Section 6. Application. This section is uncodified. This ordinance shall apply to any building of 5 to 9 units that has not received its first construction document as of January 4, 2013.

Subsequent evaluations shall be done in conjunction with the five-year evaluation required to be undertaken by the Mayor’s Office of Housing under Planning Code Section 415.9(e) and in conjunction with any evaluation of the Housing Trust Fund that may be required under the Administrative Code.

Section 78. This section is uncodified. In enacting this Ordinance, the Board intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation, charts, diagrams, or any other constituent part of the Planning Code that are explicitly shown in this legislation as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the legislation.
