7 Administration and leaders in the 111th Congress as well as to the Board of Supervisors of  
8 the City and County of San Francisco; and,

9 WHEREAS, Nine million children in America – about 1 in 9 – are uninsured; and,

10 WHEREAS, Currently, approximately two-thirds of uninsured children are eligible for  
11 health coverage under Medicaid or the Children’s Health Insurance Program (CHIP) but are  
12 not enrolled, often because of excessive enrollment barriers; and,

14 coverage and what kind of benefits they receive is dependent upon the state in which they  
15 live; and,

16 WHEREAS, Approximately 28,000 children die each year in America before their first  
17 birthday—ranking the U.S. 27<sup>th</sup> among 30 industrialized countries; and,

18 WHEREAS, At least 48 states are facing budget shortfalls for fiscal year 2010 and  
19 beyond, and at least 21 states have implemented cuts that will affect low-income children’s or  
20 families’ eligibility for health insurance or reduce their access to health care services; and,

21 WHEREAS, In response to California’s budget crisis, the Governor and Legislature  
22 have slashed funding for Healthy Families, closing the doors to new enrollment, instituting a

24 children may have to be disenrolled from the program; and,
