**San Francisco Supervisor Introduces Resolution in Support of Trump's Impeachment**

*Supervisor Rafael Mandelman's resolution will put San Francisco on record urging the House of Representatives to adopt the Articles of Impeachment against President Donald J. Trump*

SAN FRANCISCO — Hours after the United States House of Representatives announced Articles of Impeachment against President Donald J. Trump, San Francisco District 8 Supervisor Rafael Mandelman introduced a resolution on behalf of the City and County of San Francisco to support the effort to remove the 45th President from office.

“Donald Trump abused the power of the presidency, endangered our national security, and undermined the integrity of our elections. Now the time has come for us as elected officials to defend our Constitution and to stand in support of our House of Representatives’ effort to hold President Trump accountable,” Mandelman said. “Now is the time to send the message loud and clear: Donald Trump, you are not above the law.”

President Trump is accused of soliciting the interference of a foreign government to influence the 2020 United States Presidential election. On Tuesday, the House of Representatives filed Articles of Impeachment charging President Trump with abuse of power and obstruction of Congress.
