Committee will hold a public

Committee will hold a public hearing to consider the following proposal and said public hearing will be held as follows, at which time all interested parties may attend and be heard: **File No. 256065.** Ordinance amending the Park Code to allow the Recreation and Park Department to set fees for recreation programs based on the Department's operating costs for those programs and various other factors, including whether the program is designated

for youth, seniors, or persons with disabilities, subject to approval of the Recreation and Park Commission directing the Commission to update its scholarship policy to provide for further discounts for recreation programs based on financial need; making certain clarifying changes; and affirming the Planning Department's determination under the California Environmental Quality Act. If this legislation passes, a \$100 deposit will be established to

hold a reservation for each tent site or cabin reserved at Camp Mather. The remaining balance of the reservation fee shall be due 30 days prior to the start of the reservation. The proposed Ordinance would allow the Recreation and Park Department to set recreation program fees based on the estimated operating costs of those programs. The Department generally could set fees intended to cover the programs' full operating costs, but for programs designated

for youth or seniors or persons with disabilities could set fees that recovered only 75% of the operating costs. In addition, the Ordinance urges the Department to set fees for programs that benefit the community at large based on only 50% of the operating costs. All fees would require approval from the Recreation and Park Commission and, once approved, would be published on the Department's website. The Ordinance also directs the Recreation and

Clark Commission to update its scholarship policy to provide for further discounts for recreation programs based on financial need. In accordance with Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments prior to the time the hearing begins.
