14 and

8 forth, the FMND; and be it

9 FURTHER MOVED, That the Board of Supervisors finds that based on the whole
10 record before it there are no substantial Project changes, no substantial changes in Project
11 circumstances, and no new information of substantial importance that would change the
12 conclusions set forth in the FMND; and be it

13 FURTHER MOVED, That after carefully considering the appeal of the FMND, including
14 the MMRP and the written information submitted to the Board of Supervisors and the public
15 testimony presented to the Board of Supervisors at the hearing on the FMND, the Board of
16 Supervisors concludes that the Project qualifies for a Mitigated Negative Declaration and that
17 no fair argument supported by substantial evidence in the record has been presented that the
18 Project as proposed would result in any significant impact on the environment.
